Fund Description

The Global Resources UCITS (the "Sub-Fund") seeks long-term capital appreciation seek by investing primarily in equity securities issued by Global Resources companies, i.e. companies that derive, directly or indirectly, at least 50% of their revenue from exploration, development, production, distribution of processes related to Global Resources. Global Resources include precious metal (e.g. gold), base and industrial metals, energy, natural resources and other commodities. The Global Resources UCITS is expertly managed by a thirteen-person investment team that is among the industry's largest, and includes trained geologists and senior analysts with deep sector experience. In selecting the individual stocks, the investment team is guided by its own fundamental assessment of companies, which often includes on-site visits.

All documents on VanEck ICAV are for informational/advertisement purposes only and do not constitute any legal or investment advice. It is not to be regarded as an offer for the purchase and the sale of the fund's shares. Investors should consult the prospectus and key investor information before subscribing. The prospectus, the key investor information documents and the financial reports can be obtained free of charge from vaneck.com and upon request from the fund's registered office at 33 Sir John Rogerson's Quay, Dublin 2, Ireland and the offices of all local information agents. The documents, except for key investor information, are only available in English. Please read these documents before investing and take note of the risk factors. Note: No guarantee can be provided that the Sub-Funds presented will attain their objectives. The value of an investment may decline as well as increase. All persons interested in investing in one of the Sub-Funds presented are recommended to seek advice from independent legal and tax advisors in order to ascertain whether the investment is appropriate to their own objectives.

The portfolio information provided in this document is for illustrative purposes only and does not purport to be recommendation of an investment in, or a comprehensive statement of all of the factors or considerations which may be relevant to an investment in, the referenced securities. Presented information is based on sources and information VanEck considers trustworthy, but such information might be partially incorrect or incomplete.

Past performance of the Sub-Fund is no guarantee for future performance. Any performance presented herein is for illustrative purposes only. Historical information is not indicative of future results; current data may differ from data quoted. Performance information does not take into account the commissions and costs incurred on the issue and redemption of units. Performance information is presented net of fees, but gross of tax liabilities. Each index listed is unmanaged and the returns include the reinvestment of all dividends, but do not reflect the payment of transaction costs, fees or expenses that are associated with an investment in any fund. An index's performance is not illustrative of a Fund's performance. You cannot invest in an index.

The S&P® North American Natural Resources Sector (SPGINRTR) Index (the "Index") provides investors with a benchmark that represents U.S. traded securities that are classified under the GICS® energy and materials sector excluding the chemicals industry; and steel sub-industry. The MSCI ACWI Commodity Producers Index captures the global opportunity set of commodity producers in the energy, metal and agricultural sectors. The MSCI benchmark is a Gross Return Index which reinvests as much as possible of a company's gross dividend distributions.

You can lose money by investing in the Sub-Fund. Any investment in the Sub-Fund should be part of an overall investment program, not a complete program. The Sub-Fund is subject to risks associated with concentrating its investments in hard assets and the hard assets sector, including real estate, precious metals and natural resources, and can be significantly affected by events relating to these industries, including international political and economic developments, inflation, and other factors. The Sub-Fund's portfolio securities may experience substantial price fluctuations as a result of these factors, and may move independently of the trends of industrialized companies. The Sub-Fund's investments in foreign securities involve risks related to adverse political and economic developments unique to a country or a region, currency fluctuations or controls, and the possibility of arbitrary action by foreign governments, including the takeover of property without adequate compensation or imposition of prohibitive taxation. The Sub-Fund is subject to risks associated with investments in debt securities, derivatives, commodity-linked instruments, illiquid securities, asset-backed securities and CMOs. The Sub-Fund is also subject to inflation risk, short-sales risk, market risk, non-diversification risk, leverage risk, credit risk and counterparty risk.
