VanEck is a privately held global asset management firm founded in 1955, managing $40 billion. We develop forward-looking, intelligently designed, active and ETF strategies that strengthen long-term portfolios. We will provide qualified individuals with outstanding education and growth opportunities. If you are a high-energy individual with a strong work ethic, excellent team skills, and outstanding communication skills, we would like to speak with you.

VanEck’s Summer Intern Program includes exposure across the firm through educational, mentorship, and networking events. As an Intern, you will also be exposed to the firm’s senior management, gain an understanding of the financial services industry and learn critical business skills. Our internship program will build more than just your resume — it will challenge your knowledge, build your network and drive your career path. Our program spans 10 weeks and typically runs from June 3 – August 9. If you are looking to gain valuable hands-on experience while working with talented individuals, apply now!

Hard assets is a team of 13 people within Investment Management department. The team is based in New York and works closely with portfolio managers, sales and marketing. This position is made available to help students nearing graduation acquire basic office skills and develop the knowledge of working within a corporate environment. It will provide an intern with exposure to all Hard Assets team and as a result, a primer to most parts of VanEck.

**Essential Duties and Responsibilities:**

Includes the following, other duties may be assigned as needed:

- Responsible for specific project(s) that will complement, improve or expand the team’s valuation tools or research databases.
- Help develop or customize company models and supply/demand models as needed.
- Research focused on energy companies (exploration & production and oilfield services) and/or oil and natural gas as a commodity.
• Locate pertinent company data from websites, public files (Annual reports, 10K, press releases, etc.) Bloomberg, or other sources to populate existing or new databases and/or models.
• Communicate with sell-side analysts and/or company representatives to obtain company or industry specific information.
• Help generate investment themes and ideas.

Qualifications

• Some interest in commodities, hard assets, financial models, equity research.
• Good communication skills.
• Ability to apply common sense understanding to carry out detailed but uninvolved written or oral instructions.
• A working knowledge of Internet, MS Word and Excel is helpful but not required.
• Roll up your sleeve work ethic.

Education and/or Experience

• Currently entering junior level (3rd year) or beyond within a 4 year college program.
• Some experience within a corporate environment is helpful but not required.

Competencies

To perform successfully and gain the most from this internship, an individual should demonstrate the following competencies:

• Professional demeanor
• Capacity for learning new procedures/ideas
• Motivation
• Enthusiasm

Language Skills

• Ability to effectively present information in one-on-one and small group situations to customers, clients, and other employees of the organization.
