---

Certain information contained in this President’s letter represents the opinion of the investment adviser which may change at any time. This information is not intended to be a forecast of future events, a guarantee of future results or investment advice. Current market conditions may not continue. Also, unless otherwise specifically noted, any discussion of the Fund’s holdings, the Fund’s performance, and the views of the investment adviser are as of June 30, 2020.

Dear Fellow Shareholders:

The story for the last decade was simple and familiar—slower global economic growth was combated by expansive monetary policy. After the shock of the COVID-19 virus, we are returning to this investment theme. Thus we believe investors should be comfortable maintaining their strategic allocations to stocks and bonds, given the central bank's aggressive support of the financial markets.

Why do we have this view? First, we believe that we are in a global recession, not a depression. Two indicators of global recession have historically been copper and oil. When China slowed at the end of 2015, copper and oil fell hard. Since oil and copper haven't fallen below those 2015-2016 lows and in fact have been rallying from those lows, the chance of a depression seems low.

So our base case is that markets will feel like the recovery after the global financial crisis—lower interest rates, asset price inflation and weak job recovery (due to different factors—varied industry impact not increased regulation). No guarantee, of course, that there will not be a re-test of lows or new lows, but financial markets will likely lead the economic recovery.

Our assumptions regarding this outlook are that: the virus fatality curve has flattened, mitigation steps like shutdowns can be local to deal with additional outbreaks and a COVID-19 vaccine happens this year. A vaccine is the biggest factor with early development a positive and later availability (or none) a negative.

The investing outlook sometimes does change suddenly, as now. To get our quarterly investment outlooks, please subscribe to "[Investment Outlook](#)" on [vaneck.com](#). Should you have any questions regarding fund performance, please contact us at 800.826.2333 or visit our [website](#).

## PRESIDENT'S LETTER

(unaudited) (continued)

We sincerely thank you for investing in VanEck's investment strategies. On the following pages, you will find the financial statements for the six month period ended June 30, 2020. As always, we value your continued confidence in us and look forward to helping you meet your investment goals in the future.

*Jan F. van Eck  
CEO and President  
VanEck VIP Trust*

*July 8, 2020*

***Investing involves substantial risk and high volatility, including possible loss of principal. An investor should consider the investment objective, risks, charges and expenses of the Fund carefully before investing. To obtain a prospectus, which contains this and other information, call 800.826.2333 or visit [vaneck.com](http://vaneck.com). Please read the prospectus and summary prospectus carefully before investing.***

As a shareholder of the Fund, you incur two types of costs: (1) transaction costs, including program fees on purchase payments; and (2) ongoing costs, including management fees and other Fund expenses. This disclosure is intended to help you understand the ongoing costs (in dollars) of investing in the Fund and to compare these costs with the ongoing costs of investing in other mutual funds.

The disclosure is based on an investment of \$1,000 invested at the beginning of the period and held for the entire period, January 1, 2020 to June 30, 2020.

### **Actual Expenses**

The first line in the table below provides information about account values and actual expenses. You may use the information in this line, together with the amount you invested, to estimate the expenses that you paid over the period. Simply divide your account value by \$1,000 (for example, an \$8,600 account value divided by \$1,000 = 8.6), then multiply the result by the number in the first line under the heading entitled "Expenses Paid During the Period."

### **Hypothetical Example for Comparison Purposes**

The second line in the table below provides information about hypothetical account values and hypothetical expenses based on the Fund's actual expense ratio and an assumed rate of return of 5% per year before expenses, which is not the Fund's actual return. The hypothetical account values and expenses may not be used to estimate the actual ending account balance or expenses you paid for the period. You may use this information to compare the ongoing costs of investing in the Fund and other funds. To do so, compare this 5% hypothetical example with the 5% hypothetical examples that appear in the shareholder reports of other funds.

Please note that the expenses shown in the table are meant to highlight your ongoing costs only and do not reflect any transactional costs, such as fees on purchase payments. Therefore, the second line of the table is useful in comparing ongoing costs only, and will not help you determine the relative costs of owning different funds. In addition, if these transactional costs were included, your costs would have been higher.

## EXPLANATION OF EXPENSES

(unaudited) (continued)

		Beginning Account Value January 1, 2020	Ending Account Value June 30, 2020	Expenses Paid During the Period* January 1, 2020 - June 30, 2020
Initial Class	Actual	\$1,000.00	\$ 956.40	\$5.35
	Hypothetical**	\$1,000.00	\$1,019.39	\$5.52

\* Expenses are equal to the Fund's annualized expense ratio (for the six months ended June 30, 2020), of 1.10%, multiplied by the average account value over the period, multiplied by the number of days in the most recent fiscal half year divided by the number of the days in the fiscal year (to reflect the one-half year period).

\*\* Assumes annual return of 5% before expenses

## SCHEDULE OF INVESTMENTS

(unaudited) (continued)

### Definitions:

CHF	Swiss Franc
DOP	Dominican Peso
IDR	Indonesian Rupiah
MXN	Mexican Peso
UAH	Ukrainian Hryvnia
USD	United States Dollar
UYU	Uruguayan Peso

### Footnotes:

(d)	Security in default of coupon payment
*	Non-income producing
∞	Security is valued using significant unobservable inputs that factor in discount for lack of marketability and is classified as Level 3 in the fair value hierarchy.
†	Security fully or partially on loan. Total market value of securities on loan is \$1,121,867.
#	Security has been valued in good faith pursuant to guidelines established by the Board of Trustees. The aggregate value of fair valued securities is \$985,408 which represents 5.2% of net assets.
Reg S	Security was purchased pursuant to Regulation S under the Securities Act of 1933, which exempts from registration securities offered and sold outside of the United States. Such a security cannot be sold in the United States without either an effective registration statement filed pursuant to the Securities Act of 1933, or pursuant to an exemption from registration.
144A	Security exempt from registration under Rule 144A of the Securities Act of 1933, as amended, or otherwise restricted. These securities may be resold in transactions exempt from registration, unless otherwise noted, and the value amounted to \$4,688,553, or 24.9% of net assets.

Ratio of net investment income to average net assets . . . . .	7.53%(d)	7.33%	5.80%	7.04%	4.06%	6.38%
Portfolio turnover rate . . . . .	105%(c)	276%	286%	586%	595%	572%

(a) Total return is calculated assuming an initial investment made at the net asset value at the beginning of period, reinvestment of any dividends and distributions at net asset value on the dividend/distribution payment date and a redemption at the net asset value on the last day of the period. The return does not reflect the deduction of taxes that a shareholder would pay on Fund dividends/distributions or the redemption of Fund shares. Total returns do not include fees and expenses imposed under your variable annuity contract and/or life insurance policy. If these amounts were reflected, the returns would be lower than those shown.

(b) Calculated based upon average shares outstanding

(c) Not annualized

(d) Annualized

## NOTES TO FINANCIAL STATEMENTS

June 30, 2020 (unaudited)

**Note 1—Fund Organization**—VanEck VIP Trust (the “Trust”) is registered under the Investment Company Act of 1940, as amended, as an open-end management investment company. The Trust was organized as a Massachusetts business trust on January 7, 1987. The VanEck VIP Emerging Markets Bond Fund (formerly known as VIP Unconstrained Emerging Markets Bond Fund) (the “Fund”) is a non-diversified series of the Trust and seeks high total return (income plus capital appreciation) by investing globally, primarily in a variety of debt securities. The Fund currently offers a single class of shares: Initial Class Shares.

**Note 2—Significant Accounting Policies**—The preparation of financial statements in conformity with U.S. generally accepted accounting principles (“GAAP”) requires management to make estimates and assumptions that affect the reported amounts and disclosures in the financial statements. Actual results could differ from those estimates.

The Fund is an investment company and is following accounting and reporting requirements of Accounting Standards Codification (“ASC”) 946 *Financial Services—Investment Companies*.

The following is a summary of significant accounting policies followed by the Fund.

**A. Security Valuation**—The Fund values its investments in securities and other assets and liabilities at fair value daily. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants on the measurement date. Debt securities are valued on the basis of evaluated prices furnished by an independent pricing service approved by the Fund’s Board of Trustees or provided by securities dealers. The pricing services may use valuation models or matrix pricing, which consider: (i) yield or price with respect to bonds that are considered comparable in characteristics such as rating, interest rate and maturity date and/or (ii) quotations from bond dealers to determine current value and are categorized as Level 2 in the fair value hierarchy (as described below). Short-term debt securities with sixty days or less to maturity are valued at amortized cost, which with accrued interest approximates fair value. Money market fund investments are valued at net asset value and are categorized as Level 1 in the fair value hierarchy. Forward foreign currency contracts are valued at the spot currency rate plus an amount (“points”), which reflects the differences in interest rates between the U.S. and foreign markets and are categorized as Level 2 in the fair value hierarchy. Securities traded on the NASDAQ Stock Market LLC (“NASDAQ”) are valued at the NASDAQ official closing price. Securities

---

traded on national exchanges are valued at the closing price on the markets in which the securities trade. Over-the-counter securities not included on NASDAQ and listed securities for which no sale was reported are valued at the mean of the bid and ask prices. To the extent these securities are actively traded they are categorized as Level 1 in the fair value hierarchy. The Pricing Committee of Van Eck Associates Corporation (“the Adviser”) provides oversight of the Fund’s valuation policies and procedures, which are approved by the Fund’s Board of Trustees. Among other things, these procedures allow the Fund to utilize independent pricing services, quotations from securities dealers, and other market sources to determine fair value. The Pricing Committee convenes regularly to review the fair value of financial instruments or other assets. If market quotations for a security or other asset are not readily available, or if the Adviser believes it does not otherwise reflect the fair value of a security or asset, the security or asset will be fair valued by the Pricing Committee in accordance with the Fund’s valuation policies and procedures. The Pricing Committee employs various methods for calibrating the valuation approaches utilized to determine fair value, including a regular review of key inputs and assumptions, periodic comparisons to valuations provided by other independent pricing services, transactional back-testing and disposition analysis.

Certain factors such as economic conditions, political events, market trends, the nature of and duration of any restrictions on disposition, trading in similar securities of the issuer or comparable issuers and other security specific information are used to determine the fair value of these securities. Depending on the relative significance of valuation inputs, these securities may be categorized either as Level 2 or Level 3 in the fair value hierarchy. The price which the Fund may realize upon sale of an investment may differ materially from the value presented in the Schedule of Investments.

The Fund utilizes various methods to measure the fair value of its investments on a recurring basis, which includes a hierarchy that prioritizes inputs to valuation methods used to measure fair value. The fair value hierarchy gives highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The inputs or methodologies used for valuing securities are not necessarily an indication of the risk associated with investing in those securities. The three levels of the fair value hierarchy are described below:

# VANECK VIP EMERGING MARKETS BOND FUND

---

## NOTES TO FINANCIAL STATEMENTS

(unaudited) (continued)

Level 1 – Quoted prices in active markets for identical securities.

Level 2 – Significant observable inputs (including quoted prices for similar securities, interest rates, prepayment speeds, credit risk, etc.).

Level 3 – Significant unobservable inputs (including the Fund's own assumptions in determining the fair value of investments).

A summary of the inputs and the levels used to value the Fund's investments are located in the Schedule of Investments. Additionally, tables that reconcile the valuation of the Fund's Level 3 investments and that present additional information about valuation methodologies and unobservable inputs, if applicable, are located in the Schedule of Investments.

**B. Federal Income Taxes**—It is the Fund's policy to comply with the provisions of the Internal Revenue Code applicable to regulated investment companies and to distribute all of its net investment income and net realized capital gains, if any, to its shareholders. Therefore, no federal income tax provision is required.

**C. Currency Translation**—Assets and liabilities denominated in foreign currencies and commitments under foreign currency contracts are translated into U.S. dollars at the closing prices of such currencies each business day as quoted by one or more sources. Purchases and sales of investments are translated at the exchange rates prevailing when such investments are acquired or sold. Foreign denominated income and expenses are translated at the exchange rates prevailing when accrued. The portion of realized and unrealized gains and losses on investments that result from fluctuations in foreign currency exchange rates is not separately disclosed in the financial statements. Such amounts are included with the net realized and unrealized gains and losses on investment securities in the Statement of Operations. Recognized gains or losses attributable to foreign currency fluctuations on foreign currency denominated assets, other than investments and forward foreign currency contracts, and liabilities are recorded as net realized gain (loss) and net change in unrealized appreciation (depreciation) on foreign currency transactions and foreign denominated assets and liabilities in the Statement of Operations.

**D. Distributions to Shareholders**—Dividends to shareholders from net investment income and distributions from net realized capital gains, if any, are declared and paid annually. Income dividends and capital gain distributions are determined in accordance with U.S. income tax regulations, which may differ from such amounts determined in accordance with GAAP.

**E. Use of Derivative Instruments**—The Fund may invest in derivative instruments, including, but not limited to, options, futures, swaps and other derivatives relating to foreign currency transactions. A derivative is an instrument whose value is derived from underlying assets, indices, reference rates or a combination of these factors. Derivative instruments may be privately negotiated contracts (often referred to as over-the-counter (“OTC”) derivatives) or they may be listed and traded on an exchange. Derivative contracts may involve future commitments to purchase or sell financial instruments or commodities at specified terms on a specified date, or to exchange interest payment streams or currencies based on a notional or contractual amount. Derivative instruments may involve a high degree of financial risk. The use of derivative instruments also involves the risk of loss if the investment adviser is incorrect in its expectation of the timing or level of fluctuations in securities prices, interest rates or currency prices. Investments in derivative instruments also include the risk of default by the counterparty, the risk that the investment may not be liquid and the risk that a small movement in the price of the underlying security or benchmark may result in a disproportionately large movement, unfavorable or favorable, in the price of the derivative instrument. Details of this disclosure are found below as well as in the Schedule of Investments.

**Forward Foreign Currency Contracts**—The Fund may buy and sell forward foreign currency contracts to settle purchases and sales of foreign denominated securities, gain currency exposure or to hedge foreign denominated assets. Realized gains and losses from forward foreign currency contracts, if any, are included in realized gain (loss) on forward foreign currency contracts in the Statement of Operations. During the period ended June 30, 2020, the Fund held forward foreign currency contracts for six months. The average amounts purchased and sold (in U.S dollars) were \$493,284 and \$499,117, respectively. Forward foreign currency contracts held at June 30, 2020 are reflected in the Schedule of Open Forward Foreign Currency Contracts.

At June 30, 2020, the Fund held the following derivative instruments (not designated as hedging instruments under GAAP):

**Liability Derivatives**  
**Foreign Currency Risk**

Forward foreign currency contracts <sup>1</sup> . . .	\$(1,813)
---	-----------

<sup>1</sup> Statement of Assets and Liabilities location: Net unrealized depreciation on forward foreign currency contracts

# VANECK VIP EMERGING MARKETS BOND FUND

## NOTES TO FINANCIAL STATEMENTS

(unaudited) (continued)

The impact of transactions in derivative instruments during the period ended June 30, 2020, was as follows:

	<u>Foreign Currency Risk</u>
Realized gain (loss):	
Forward foreign currency contracts <sup>2</sup> . . . . .	\$10,566
Net change in unrealized appreciation (depreciation):	
Foreign forward currency contracts <sup>3</sup> . . . . .	\$(1,813)

<sup>2</sup> Statement of Operations location: Net realized gain on forward foreign currency contracts

<sup>3</sup> Statement of Operations location: Net change in unrealized appreciation (depreciation) on forward foreign currency contracts

**F. Offsetting Assets and Liabilities**—In the ordinary course of business, the Fund enters into transactions subject to enforceable master netting or other similar agreements. Generally, the right of offset in those agreements allows the Fund to set off any exposure to a specific counterparty with any collateral received or delivered to that counterparty based on the terms of the agreements. The Fund may pledge or receive cash and/or securities as collateral for derivative instruments and securities lending. Collateral held for derivative instruments at June 30, 2020 is presented in the Schedule of Investments.

For financial reporting purposes, the Fund presents securities lending assets and liabilities on a gross basis in the Statement of Assets and Liabilities. Cash collateral held in the form of money market investments, if any, at June 30, 2020 is presented in the Schedule of Investments and in the Statement of Assets and Liabilities. Non-cash collateral is disclosed in Note 9 (Securities Lending).

Additionally, the Fund presents derivative instruments on a gross basis in the Statement of Assets and Liabilities. The table below includes both gross and net information about the derivative instruments eligible for offset in the Statement of Assets and Liabilities subject to master netting or similar agreements, as well as financial collateral received or pledged (including cash collateral) as of June 30, 2020. The total amount of collateral reported, if any, is limited to the net amounts of financial assets and liabilities presented in the Statement of Assets and Liabilities for the respective financial instruments. In general, collateral received or pledged exceeds the net amount of the unrealized gain/loss or market value of financial instruments.

	<u>Gross Amounts of Recognized Liabilities</u>	<u>Gross Amounts Offset in the Statement of Assets and Liabilities</u>	<u>Net Amounts of Liabilities Presented in the Statement of Assets and Liabilities</u>
Foreign forward currency contracts	\$1,813	\$—	\$1,813

---

**G. Other**—Security transactions are accounted for on trade date. Dividend income is recorded on the ex-dividend date except that certain dividends from foreign securities are recognized upon notification of the ex-dividend date. Interest income, including amortization of premiums and discounts, is accrued as earned. Realized gains and losses are determined based on the specific identification method.

The Fund earns interest income on uninvested cash balances held at the custodian bank. Such amounts, if any, are present as interest income on the Statement of Operations.

In the normal course of business, the Fund enters into contracts that contain a variety of general indemnifications. The Fund's maximum exposure under these agreements is unknown as this would involve future claims that may be made against the Fund that have not yet occurred. However, the Adviser believes the risk of loss under these arrangements to be remote.

**Note 3—Investment Management and Other Agreements**—The Adviser is the investment adviser to the Fund. The Adviser receives a management fee, calculated daily and payable monthly based on an annual rate of 1.00% of the first \$500 million of average daily net assets, 0.90% of the next \$250 million of average daily net assets and 0.70% of the average daily net assets in excess of \$750 million. The Adviser has agreed, until at least May 1, 2021, to waive management fees and assume expenses to prevent the Fund's total annual operating expenses (excluding acquired fund fees and expenses, interest expense, trading expenses, dividend and interest payments on securities sold short, taxes, and extraordinary expenses) from exceeding 1.10% of the Fund's average daily net assets. Refer to the Statement of Operations for the amounts waived/assumed by the Adviser for the period ended June 30, 2020.

In addition, Van Eck Securities Corporation (the "Distributor"), an affiliate of the Adviser, acts as the Fund's distributor. Certain officers and trustees of the Trust are officers, directors or stockholders of the Adviser and Distributor.

At June 30, 2020, the aggregate shareholder accounts of six insurance companies owned approximately 45%, 18%, 10%, 8%, 5%, and 5% of the Fund's outstanding shares of beneficial interest.

**Note 4—Investments**—For the period ended June 30, 2020, the cost of purchases and proceeds from sales of investments, excluding U.S. government securities and short-term obligations, aggregated to \$17,997,917 and \$20,018,819, respectively.

# VANECK VIP EMERGING MARKETS BOND FUND

## NOTES TO FINANCIAL STATEMENTS

(unaudited) (continued)

**Note 5—Income Taxes**—As of June 30, 2020, for Federal income tax purposes, the identified tax cost of investments owned, gross unrealized appreciation, gross unrealized depreciation and net unrealized appreciation (depreciation) of investments were as follows:

<u>Tax Cost of Investments</u>	<u>Gross Unrealized Appreciation</u>	<u>Gross Unrealized Depreciation</u>	<u>Net Unrealized Appreciation (Depreciation)</u>
\$19,596,694	\$759,073	\$(1,398,033)	\$(638,960)

The tax character of dividends and distributions paid to shareholders during the year ended December 31, 2019 was as follows:

Ordinary income ..... \$74,755

The tax character of current year distributions, if any, will be determined at the end of the current fiscal year.

At December 31, 2019, the Fund had capital loss carryforwards available to offset future capital gains as follows:

**Short-Term Capital Losses With No Expiration**

\$(2,638,175)

Realized gains or losses attributable to fluctuations in foreign exchange rates on investments and other foreign currency denominated assets and liabilities result in permanent book to tax differences which may affect the tax character of distributions and undistributed net investment income at the end of the Fund's fiscal year. For the period January 1, 2020 to June 30, 2020, the Fund's net realized losses from foreign currency translations were \$333,345.

The Fund recognizes the tax benefits of uncertain tax positions only where the position is "more-likely-than-not" to be sustained assuming examination by applicable tax authorities. Management has analyzed the Fund's tax positions, and has concluded that no liability for unrecognized tax benefits should be recorded related to uncertain tax positions taken on return filings for all open tax years. The Fund does not have exposure for additional years that might still be open in certain foreign jurisdictions. Therefore, no provision for income tax is required in the Fund's financial statements. However, the Fund is subject to foreign taxes on the appreciation in value of certain investments. The Fund provides for such taxes, if any, on both realized and unrealized appreciation.

The Fund recognizes interest and penalties, if any, related to uncertain tax positions as income tax expense in the Statement of Operations. During the period ended June 30, 2020, the Fund did not incur any interest or penalties.

---

**Note 6—Principal Risks**—The Fund may purchase securities on foreign exchanges. Securities of foreign issuers involve special risks and considerations not typically associated with investing in U.S. issuers. These risks include devaluation of currencies, less reliable information about issuers, different security transaction clearance and settlement practices and future adverse political and economic developments. These risks are heightened for investments in emerging markets countries. Moreover, securities of many foreign issuers and their markets may be less liquid and their prices more volatile than those of comparable U.S. issuers. The Fund may invest in debt securities which are rated below investment grade by rating agencies. Such securities involve more risk of default than higher rated securities and are subject to greater price variability.

A recent outbreak of respiratory disease caused by a novel coronavirus, which was first detected in China in December 2019, has subsequently spread internationally and has been declared a pandemic by the World Health Organization. The coronavirus has resulted in closing borders, quarantines, disruptions to supply chains and customer activity, loss of life, as well as general concern and uncertainty. The coronavirus has already negatively impacted the economies of many nations, individual companies, the market and the Fund. This pandemic is expected to have a continued impact in ways that cannot necessarily be foreseen presently.

A more complete description of risks is included in the Fund's Prospectus and Statement of Additional Information.

**Note 7—Trustee Deferred Compensation Plan**—The Trust has a Deferred Compensation Plan (the “Deferred Plan”) for Trustees under which the Trustees can elect to defer receipt of their trustee fees until retirement, disability or termination from the Board of Trustees. The fees otherwise payable to the participating Trustees are deemed invested in shares of eligible Funds of the Trust and the VanEck Funds (another registered investment company managed by the Adviser) as directed by the Trustees.

The expense for the Deferred Plan is included in “Trustees’ fees and expenses” on the Statement of Operations. The liability for the Deferred Plan is shown as “Deferred Trustee fees” in the Statement of Assets and Liabilities.

**Note 8—Securities Lending**—To generate additional income, the Fund may lend its securities pursuant to a securities lending agreement with the securities lending agent. The Fund may lend up to 33% of its investments requiring that the loan be continuously collateralized by cash, cash equivalents, U.S. government securities, or any combination of cash and such securities at all times equal to at least 102% (105% for foreign securities) of the market value

# VANECK VIP EMERGING MARKETS BOND FUND

## NOTES TO FINANCIAL STATEMENTS

(unaudited) (continued)

on the securities loaned. Daily market fluctuations could cause the value of loaned securities to be more or less than the value of the collateral received. When this occurs, the collateral is adjusted and settled on the next business day. During the term of the loan, the Funds will continue to receive any dividends, interest or amounts equivalent thereto, on the securities loaned while receiving a fee from the borrower and/or earning interest on the investment of the cash collateral. Such fees and interest are shared with the securities lending agent under the terms of the securities lending agreement. Securities lending income is disclosed as such in the Statement of Operations. The cash collateral is maintained on the Funds' behalf by the lending agent and is invested in the State Street Navigator Securities Lending Government Money Market Portfolio. Non-cash collateral includes U.S. Treasuries and U.S. Government Agency securities, and is not disclosed in the Fund's Statement of Assets and Liabilities as it is held by the agent on behalf of the Fund, and the Fund does not have the ability to re-hypothecate those securities. Loans are subject to termination at the option of the borrower or the Fund. Upon termination of the loan, the borrower will return to the Fund securities identical to the securities loaned. The Fund bears the risk of delay in recovery of, or even loss of rights in, the securities loaned should the borrower of the securities fail financially. The value of loaned securities and related cash collateral at June 30, 2020 is presented on a gross basis in the Schedule of Investments and Statement of Assets and Liabilities. The following is a summary of the Fund's securities on loan and related collateral as of June 30, 2020:

<b>Market Value of Securities on Loan</b>	<b>Cash Collateral</b>	<b>Non-Cash Collateral*</b>	<b>Total Collateral</b>
\$1,121,867	\$947,009	\$210,535	\$1,157,544

The following table presents money market fund investments held as collateral by type of security on loan as of June 30, 2020:

**Gross Amount of Recognized  
Liabilities for Securities  
Lending Transactions\* in the  
Statement of Assets and Liabilities**

Corporate Bonds	\$420,200
Government Obligations	526,809

\* Remaining contractual maturity: overnight and continuous

**Note 9—Bank Line of Credit**—The Trust participates with the VanEck Funds (collectively the “VE/MIP Funds”) in a \$30 million committed credit facility (the “Facility”) to be utilized for temporary financing until the settlement of sales or purchases of portfolio securities, the repurchase or redemption of shares of

---

the Fund and other temporary or emergency purposes. The participating VE/VIP Funds have agreed to pay commitment fees, pro rata, based on the unused but available balance. Interest is charged to the VE/VIP Funds based on prevailing market rates in effect at the time of borrowings. During the period ended June 30, 2020, the average daily loan balance during the 39 day period of which a loan was outstanding amounted to \$158,026 and the average interest rate was 1.97%. At June 30, 2020, the Fund had no outstanding borrowings under the Facility.

**Note 10—Recent Accounting Pronouncements—**The Funds adopted all provisions of the Accounting Standards Update No. 2018-13, *Disclosure Framework—Changes to the Disclosure Requirements for Fair Value Measurement* (“ASU 2018-13”) that eliminate and modify certain disclosure requirements for fair value measurements. Public companies are required to disclose the range and weighted average used to develop significant unobservable inputs for Level 3 fair value measurements. Based on management’s evaluation, the adoption of the ASU 2018-13 had no material impact on the financial statements and related disclosure.

**Note 11—Subsequent Event Review—**The Fund has evaluated subsequent events and transactions for potential recognition or disclosure through the date the financial statements were issued.

June 30, 2020 (unaudited)

**VANECK VIP EMERGING MARKETS BOND FUND  
(formerly, VanEck VIP Unconstrained Emerging  
Markets Bond Fund)  
(the “Fund”)**

The Investment Company Act of 1940, as amended (the “1940 Act”), provides, in substance, that an investment advisory agreement between a fund and its investment adviser may be entered into only if it is approved, and may continue in effect from year to year after an initial two-year period only if its continuance is approved, at least annually by the fund’s board of trustees, including by a vote of a majority of the trustees who are not “interested persons” of the fund as defined in the 1940 Act (the “Independent Trustees”), at a meeting called for the purpose of considering such approval. On June 23, 2020, the Board of Trustees (the “Board”) of VanEck VIP Trust (the “Trust”), including a majority of the Independent Trustees, approved the continuation of the existing advisory agreement (the “Advisory Agreement”) between the Fund and its investment adviser, Van Eck Associates Corporation (together with its affiliated companies, the “Adviser”). Information regarding the material factors considered and related conclusions reached by the Board in approving the continuation of the Fund’s Advisory Agreement is set forth below.

In considering the continuation of the Advisory Agreement, the Board reviewed and considered information that had been provided by the Adviser throughout the year at meetings of the Board and its committees, including information requested by the Independent Trustees and furnished by the Adviser for meetings of the Board held on June 5, 2020 and June 23, 2020 specifically for the purpose of considering the continuation of the Advisory Agreement. The Independent Trustees were advised by independent legal counsel throughout the year, including during the contract renewal process, and met with independent legal counsel in executive sessions outside the presence of management. The written and oral reports provided to the Board included, among other things, the following:

- Information about the overall organization of the Adviser and the Adviser’s short-term and long-term business plans with respect to its mutual fund operations and other lines of business;
- The consolidated financial statements of the Adviser for the past two fiscal years;

- 
- A copy of the Advisory Agreement and descriptions of the services provided by the Adviser thereunder;
  - Information regarding the qualifications, education and experience of the investment professionals responsible for portfolio management, investment research and trading activities for the Fund, the structure of their compensation and the resources available to support these activities;
  - A report prepared by Broadridge Financial Solutions (“Broadridge”), an independent consultant, comparing the Fund’s investment performance (including, where relevant, total returns, standard deviations, Sharpe ratios, information ratios, beta and alpha) for the one-, three-, five- and ten-year periods (as applicable) ended December 31, 2019 with the investment performance of (i) a universe of mutual funds selected by Broadridge with similar investment characteristics, share class attributes and other operational characteristics as the Fund (the “Category”), (ii) a sub-group of funds selected from the Category by Broadridge further limited to approximate more closely the Fund’s investment style, expense structure and asset size (the “Peer Group”), and (iii) an appropriate benchmark index;
  - A report prepared by Broadridge comparing the advisory fees and other expenses of a representative class of shares of the Fund during its fiscal year ended December 31, 2019 with a similar share class of each fund in the (i) Category and (ii) Peer Group;
  - An analysis of the profitability of the Adviser with respect to its services for the Fund and the VanEck complex of mutual funds as a whole (the “VanEck Complex”);
  - Information regarding other investment products and services offered by the Adviser involving investment objectives and strategies similar to the Fund (“Comparable Products”), including the fees charged by the Adviser for managing the Comparable Products, a description of material differences and similarities in the services provided by the Adviser for the Fund and the Comparable Products, the sizes of the Comparable Products and the identity of the individuals responsible for managing the Comparable Products;
  - Information concerning the Adviser’s compliance program, the resources devoted to compliance efforts undertaken by the Adviser

APPROVAL OF ADVISORY AGREEMENT

---

June 30, 2020 (unaudited) (continued)

on behalf of the Fund, and reports regarding a variety of compliance-related issues;

- Information with respect to the Adviser's brokerage practices, including the Adviser's processes for monitoring best execution of portfolio transactions and the benefits received by the Adviser from research acquired with soft dollars;
- Information regarding the procedures used by the Adviser in monitoring the valuation of portfolio securities, including the methodologies used in making fair value determinations, and the Adviser's due diligence process for recommending the selection of pricing vendors and monitoring the quality of the inputs provided by such vendors;
- Information regarding how the Adviser safeguards the confidentiality and integrity of its data and files (both physical and electronic), as well as of any communications with third parties containing Fund and shareholder information, including reports regarding the Adviser's cybersecurity framework and its implementation, the identification and monitoring of cybersecurity risks (including the risks that arise out of arrangements with third party service providers), the Adviser's cybersecurity response policy and other initiatives of the Adviser to mitigate cybersecurity risks;
- Information regarding the Adviser's policies and practices with respect to personal investing by the Adviser and its employees, including reports regarding the administration of the Adviser's code of ethics and the Adviser's policy with respect to investments in the Fund by the Adviser's investment personnel;
- Information regarding the Adviser's investment process for the Fund, including how the Adviser integrates non-accounting-based information (including, but not limited to "environmental, social and governance" factors) and the non-security-selection, non-portfolio-construction activities of the investment teams, such as engagement with portfolio companies and industry group participation;
- Information regarding the Adviser's role as the administrator of the Trust's liquidity risk management program;
- Descriptions of sub-transfer agency, omnibus account and other shareholder servicing arrangements for the Fund with intermediaries (collectively, "Servicing Arrangements"), including a description of the services provided by the intermediaries pursuant to such Servicing

---

Arrangements and the payment terms of the Servicing Arrangements, as well as reports regarding the amounts paid pursuant to the Servicing Arrangements and the amounts paid to intermediaries with respect to the Fund by the Adviser pursuant to any revenue sharing arrangements and Servicing Arrangements (to the extent not paid by the Fund);

- Descriptions of other administrative and other non-investment management services provided by the Adviser for the Fund, including the Adviser's activities in managing relationships with the Fund's custodian, transfer agent and other service providers; and
- Other information provided by the Adviser in its response to a comprehensive questionnaire from the Independent Trustees.

In determining whether to approve the continuation of the Advisory Agreement, the Board considered, among other things, the following: (1) the nature, quality, extent and cost of the investment management, administrative and other non-investment management services provided by the Adviser; (2) the nature, quality and extent of the services performed by the Adviser in interfacing with, and monitoring the services performed by, third parties, such as the Fund's custodian, transfer agent, sub-transfer agents and independent auditor, and the Adviser's commitment and efforts to review the quality and pricing of third party service providers to the Fund with a view to reducing non-management expenses of the Fund; (3) the terms of the Advisory Agreement and the services performed thereunder; (4) the willingness of the Adviser to limit the overall expenses of the Fund from time to time, if necessary or appropriate, by means of waiving all or a portion of its fees and/or paying expenses of the Fund; (5) the quality of the services, procedures and processes used to determine the value of the Fund's assets and the actions taken to monitor and test the effectiveness of such services, procedures and processes; (6) the ongoing efforts of, and resources devoted by, the Adviser with respect to the development and implementation of a comprehensive compliance program; (7) the responsiveness of the Adviser to inquiries from, and examinations by, regulatory authorities, including the Securities and Exchange Commission; (8) the resources committed by the Adviser to information technology and cybersecurity; and (9) the ability of the Adviser to attract and retain quality professional personnel to perform investment advisory and administrative services for the Fund. The Board concluded that the

APPROVAL OF ADVISORY AGREEMENT

June 30, 2020 (unaudited) (continued)

nature, extent and quality of the services supported the renewal of the Advisory Agreement.

The performance data and the advisory fee and expense ratio data described below for the Fund is based on data for a representative class of shares of the Fund. The performance data is net of expenses for periods on an annualized basis ended December 31, 2019, and the advisory fee and expense ratio data is as of the Fund's fiscal year end of December 31, 2019. The Board considered the Fund's performance for periods subsequent to the performance period covered by the Broadridge reports, and considered the Adviser's assessment of the same. The Board also noted that while it found the data provided by Broadridge generally useful, it recognized the limitations of such data, including, in particular, that notable differences may exist between the Fund and the other funds in the Fund's Peer Group and Category (for example, with respect to investment objective(s) and investment strategies) and that the results of the performance comparisons may vary depending on (i) the end dates for the performance periods that were selected and (ii) the selection of the Peer Group and Category.

*Performance.* The Board noted that, at the recommendation of the Adviser and in an effort to enhance the performance and long-term viability of the Fund, the Board had approved material changes to the Fund's principal investment strategies, which became effective May 1, 2013. The Board further noted that, in light of these changes, the performance of the Fund compared to other similarly managed funds prior to May 1, 2013 was not relevant to the Board's consideration of the Advisory Agreement. The Board then noted, based on a review of comparative annualized total returns, that the Initial Class shares of the Fund had underperformed its Category and Peer Group medians for the one-, three- and five-year periods. The Board also noted that the Initial Class shares of the Fund had underperformed its benchmark index for the one-, three- and five-year periods. The Board acknowledged the actions of the Adviser to establish additional risk-control investment guidelines that limit the Fund's exposure to certain issuer-specific and country-specific risks and continues to monitor the Fund. The Board concluded that the performance and the Adviser's outlook for the Fund supported the renewal of the Advisory Agreement.

*Fees and Expenses.* The Board noted that the advisory fee rate and the total expense ratio, net of waivers or reimbursements, for the Fund were higher than the median advisory fee rates and the median total expense

---

ratios for its Category and Peer Group. The Board also noted that the Adviser makes use of a complex and unique proprietary strategy for managing the Fund's portfolio and that the Adviser has agreed to waive all or a portion of its advisory fees and/or pay expenses of the Fund through May 1, 2021 to the extent necessary to prevent the expense ratio of the Fund from exceeding a specified maximum amount (subject to certain exclusions). The Board also considered the advisory fee charged to the Fund as compared to the fees charged to the Comparable Products, noting the differences in the services provided to the Fund as compared to those other products.

On the basis of the foregoing, and in light of the nature, extent and quality of the services provided by the Adviser, the Board concluded that the advisory fee rate charged to the Fund is reasonable.

*Profitability and Economies of Scale.* The Board considered the profits, if any, realized by the Adviser from managing the Fund and other mutual funds in the VanEck Complex and the methodology used to determine such profits. The Board noted that the levels of profitability reported on a fund-by-fund basis varied widely depending on such factors as the size, type of fund and operating history. Based on its review of the foregoing information, and in light of the nature, extent and quality of the services provided by the Adviser, the Board concluded that the profits realized by the Adviser supported the renewal of the Advisory Agreement. In this regard, the Board also considered the extent to which the Adviser may realize economies of scale, if any, as the Fund grows and whether the Fund's fee schedule reflects any economies of scale for the benefit of shareholders, and concluded that the fee schedule was appropriate. The Board also considered that the Fund benefits from economies of scale through lower fees charged by third party service providers based on the combined size of the VanEck Complex.

*Conclusion.* In determining the material factors to be considered in evaluating the Advisory Agreement for the Fund and the weight to be given to such factors, the members of the Board relied upon the advice of independent legal counsel and their own business judgment. The Board did not consider any single factor as controlling in determining whether to approve the continuation of the Advisory Agreement and each member of the Board may have placed varying emphasis on particular factors considered in reaching a conclusion. Moreover, this summary description does not necessarily identify all of the factors considered or conclusions reached by the Board. Based on its

consideration of the foregoing factors and conclusions, and such other factors and conclusions as it deemed relevant, the Board unanimously approved the continuation of the Advisory Agreement for the Fund for an additional one-year period.

**FUND'S LIQUIDITY RISK MANAGEMENT PROGRAM**

In accordance with Rule 22e-4 under the 1940 Act (the "Liquidity Rule"), the Fund has adopted and implemented a Liquidity Risk Management Program, (the "Program") and the Fund's Board has designated the Fund's Adviser as the administrator of the Program. The Fund's Adviser administers the Program through its Liquidity Committee. The purpose of the Program is to outline the techniques, tools and arrangements employed for the management of liquidity risk within the Fund, and the terms, contents and frequency of reporting and escalation of any issues to the Board. Liquidity is managed taking account of the investment strategy, liquidity profile, and redemption policy and history of the Fund, with the objective of maintaining a level of liquidity that is appropriate in light of the Fund's obligations to its shareholders. The Program assesses liquidity risk under both normal and stressed market conditions.

The Board reviewed a report prepared by the Fund's Adviser regarding the operation and effectiveness of the Program for the period from December 1, 2018 through December 31, 2019 (the "Review Period"). During the Review Period, the Fund maintained a high level of liquidity and primarily held assets that are defined under the Liquidity Rule as "Highly Liquid Investments." As a result, the Fund has not adopted a "Highly Liquid Investment Minimum," as defined under the Liquidity Rule. A Highly Liquid Investment is defined as cash and any investment reasonably expected to be convertible to cash in current market conditions in three business days or less without the conversion to cash significantly changing the market value of the investment.

During the Review Period, there were no liquidity events that materially affected the performance of the Fund or its ability to timely meet redemptions without dilution to existing shareholders, and the Fund's Adviser provided its assessment that the program had been effective in managing the Fund's liquidity risk. Further information on liquidity risks applicable to the Fund can be found in the Fund's prospectus.
