Directors' Report

The Board of Directors (the "Directors") present their Annual Report together with the Audited Financial Statements of VanEck VectorsTM UCITS ETFs plc (the "Company") for the financial year ended 31 December 2020.

Statement of Directors' Responsibilities

The Directors are responsible for preparing the Directors' Report and financial statements, in accordance with applicable law and regulations.

Irish Company law requires the Directors to prepare financial statements for each financial year. Under that law they have elected to prepare the financial statements in accordance with International Financial Reporting Standards (IFRS) as adopted by the EU and applicable law.

Under Irish company law the Directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the assets, liabilities and financial position of the Company and of its changes in net assets attributable to holders of redeemable participating shares for that financial year. In preparing the financial statements, the Directors are required to:

- · select suitable accounting policies and then apply them consistently;
- · make judgments and estimates that are reasonable and prudent;
- state whether the financial statements have been prepared in accordance with IFRS and ensure that they contain the additional information required by the Companies Act 2014;
- · assess the Company's ability to continue as a going concern; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The Directors confirm that they have complied with the above requirements in preparing the financial statements.

The Directors are also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

The Directors are responsible for keeping adequate accounting records which disclose with reasonable accuracy at any time the assets, liabilities, financial position and profit or loss of the Company and enable them to ensure that its financial statements comply with the Companies Act 2014 and the European Communities (Undertakings for Collective Investment in Transferable Securities) Regulations 2019 (the "UCITS Regulations") and the Central Bank (Supervision and Enforcement) Act 2019 (Section 48(1)) (Undertakings for Collective Investment in Transferable Securities) Regulations 2019 (collectively the "Central Bank UCITS Regulations"). They are responsible for such internal controls as they determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error, and have general responsibility for taking such steps as are reasonably open to them to safeguard the assets of the Fund. In this regard they have entrusted the assets of the Company to a trustee for safe-keeping. They have general responsibility for taking such steps as are reasonably open to them to prevent and detect fraud and other irregularities. The directors are also responsible for preparing a Directors' Report that complies with the requirements of the Companies Act 2014.

The Directors are responsible for the maintenance and integrity of the corporate and financial information included on the Company's website. Legislation in Ireland governing the preparation and dissemination of financial statements may differ from legislation in other jurisdictions.

Under the Central Bank UCITS Regulations, the Directors are required to entrust the assets of the Company to State Street Custodial Services (Ireland) Limited (the "Depositary") for safekeeping. In carrying out this duty, the Directors have delegated custody of the Company's assets to the Depositary. They have general responsibility for taking such steps as are reasonably open to them to prevent and detect fraud and other irregularities. The Directors are also responsible for preparing a Directors' Report that complies with the requirements of the Companies Act 2014.

Directors' Report (continued)

Statement of Directors' Responsibilities (continued)

The Directors acknowledge that they are responsible for securing the Company's compliance with the relevant obligations as set out in section 225 of the Companies Act 2014. The Directors confirm that:

- 1. A compliance policy document has been drawn up that sets out policies, that in our opinion are appropriate to the Company, respecting compliance by the Company with its relevant obligations;
- 2. Appropriate arrangements or structures are in place that are, in our opinion, designed to secure material compliance with the Company's relevant obligations; and
- 3. During the financial year, the arrangements or structures referred to in (2) have been reviewed.

Pursuant to section 167 of the Companies Act, 2014, the Board of Directors established an audit committee (the "Audit Committee") with effect from December 2016. The Audit Committee comprise of the following Directors: Adrian Waters, Mary Canning, Jon Lukomnik. The chairman of the Audit Committee is Mr. Adrian Waters. The Audit Committee will hold office for a period of one year unless earlier removed by the Board of Directors or by the members of the Company. The secretary of the Company acts as secretary of the Audit Committee. The Manager has delegated the day to day investment management for certain Funds of the company to Van Eck Associates Corporation ("The Investment Manager"). The administration of the company has been delegated to State Street Fund Services (Ireland) Limited ('the Administrator') from 27 January 2020. BNY Mellon Fund Services (Ireland) were administrator to 26 January 2020.

The Directors believe that they have complied with the requirements of Section 330 of the Companies Act 2014, as follows:

- So far as each person who is a Director at the date of approving this report is aware, there is no
 relevant audit information, being information needed by the auditor in connection with preparing its
 report, of which the auditor is unaware; and
- Having made enquiries of fellow Directors and the Company's auditor, each Director has taken all the steps that he/she is obliged to take as a Director in order to make himself/herself aware of any relevant audit information and to establish that the auditor is aware of the information.

Adequate Accounting Records

The Directors believe that they have complied with the Companies Act 2014, with regard to accounting records by engaging the services of an Administrator, who employs personnel with appropriate expertise and adequate resources to provide the Company's finance function.

The Company has appointed VanEck Asset Management B.V. (the "Manager") as manager of the Company who has, in turn delegated certain duties to the Investment Manager and the Administrator.

The measures taken by the Directors to secure compliance with the Company's obligations to keep adequate accounting records include the use of appropriate systems and procedures and the employment of competent persons. The accounting records are retained at the office of the Administrator at 78 Sir John Rogerson's Quay, Dublin 2.

Corporate Governance Statement

Introduction and Background

The Directors of VanEck Vectors UCITS ETFs plc (the "Company") consider that solid and sustainable corporate governance structures and processes are in place for the Company for the financial year under review.

On 19 November 2014, the Directors voluntarily adopted the Corporate Governance Code for Irish domiciled Collective Investment Schemes and Management Companies (the "Code") as issued by the industry body, Irish Funds, with effect from 8 December 2014, the date of authorisation of the Company. The Code reflects existing corporate governance practices imposed on Irish authorised collective investment schemes and is

Directors' Report (continued)

Corporate Governance Statement (continued)

Introduction and Background (continued)

available from the website www.irishfunds.ie. The Board considers that the Company has been in full compliance with the Code during the financial year under review.

Furthermore, the Company is subject to corporate governance rules, regulations and practices imposed by:

- The Constitution of the Company which can be inspected at the registered office of the Company at 33 Sir John Rogerson's Quay, Dublin 2, Ireland, and may be obtained from the Companies Registration Office in Ireland;
- Companies Act 2014, as amended, which is available the website, www.irishstatutebook.ie;
- The Central Bank of Ireland pursuant to Central Bank (Supervision and Enforcement) Act 2013 (Section48(1)) (Undertakings for Collective Investment in Transferable Securities) Regulations 2019 (which can be inspected at the registered office of the Company) and Standards of Fitness & Probity issued pursuant to section 50 of the Central Bank Reform Act 2010 both of which can be obtained from the website, www.centralbank.ie; and
- Euronext Dublin through its Code of Listing Requirements and Procedures which can be obtained from the website, www.ise.ie.

The Companies are not subject to the European Communities (Takeover Bids (Directive 2004/25/EC)) Regulations 2006.

Compliance

The Board considers that the Company has complied with the relevant provisions contained within the Code throughout this accounting period. This Corporate Governance Statement describes how the Code is applied to the Company.

Internal Control and Risk Management Systems

The Directors are responsible for establishing and maintaining adequate internal control and risk management processes of the Company in relation to the financial reporting process. Such processes are designed to manage rather than eliminate the risk of error or fraud in achieving the Company's financial reporting objectives and can only provide reasonable and not absolute assurance against material misstatement or loss. These include appointing the Administrator to maintain the adequate accounting records of the Company independent of the Investment Manager and the Depositary. The Administrator is authorised and regulated by the Central Bank of Ireland (the "Central Bank") and complies with the rules imposed by the Central Bank.

The Directors have put procedures in place to ensure all relevant accounting records are properly maintained and are readily available, including production of annual and half-yearly financial statements. The annual financial statements of the Company are required to be approved by the Directors of the Company and filed with the Central Bank and Euronext Dublin. The statutory financial statements are required to be audited by independent auditors who report annually to the Board on their findings. From time to time the Directors also examine and evaluate the Administrator's financial accounting and reporting routines and monitor and evaluate the independent auditor's performance, qualifications and independence. The Administrator has operating responsibility in respect of its internal controls in relation to the financial reporting process and the Administrator's report to the Directors.

The Directors receive regular presentations and review reports from the Depositary, the Manger, the Investment Manager and the Administrator. The Directors also have an annual process to ensure that appropriate measures are taken to consider and address the shortcomings identified and measures recommended by the independent auditor.

Directors' Report (continued)

Operation of the Shareholder Meeting, the Key Powers of the Shareholder Meeting, Shareholder Rights an the Exercise of Such Rights

The annual general meeting of the Company is held in Ireland. Notice convening the annual general meeting in each financial year at which the audited financial statements of the Company will be presented (together with the Directors' and Auditor's reports) will be sent to the shareholders at their registered address. The Annual Report and Audited Financial Statements of the Company will be made available to shareholders within four months after the conclusion of each accounting year and at least 21 days before the general meeting of the Company at which they are to be submitted for approval.

The convening and conduct of shareholder meetings are governed by the Articles of Association of the Company and the Companies Act 2014. Although the Directors may convene an extraordinary general meeting of the Company at any time, the Directors are required to convene an annual general meeting of the Company within eighteen months of incorporation and fifteen months of the date of the previous annual general meeting thereafter.

Shareholders representing not less than one-tenth of the paid up share capital of the Company may also request the Directors to convene a shareholder meeting. Not less than twenty one days notice of every annual general meeting and any meeting convened for the passing of a special resolution must be given to shareholders and 14 days notice must be given in the case of any other general meeting unless the auditors of the Company and all the shareholders of the Company entitled to attend and vote agree to shorter notice. Two members present either in person or by proxy constitutes a quorum at a general meeting provided that the quorum for a general meeting convened to consider any alteration to the class rights of shares is two shareholders holding or representing by proxy at least one third of the issued shares of the relevant fund or class.

Board composition

The Company has no employees. The Board currently consists of seven non-executive Directors. Details about the Directors are available from the Prospectus. The Board considers this a sufficient size to oversee adequately the operations of the Company. Three Directors (Mrs. Mary Canning, Mr. Adrian Waters and Mr. Jon Lukomnik) are independent of the Manager, the Investment Manager and other third party service providers such as the Administrator and Depositary. Two of the independent Directors are Irish resident and thus available to meet the Central Bank at short notice. The other four Directors are employees of the Investment Manager, Van Eck Associates Corporation. As demonstrated in the Directors' biographies in the Company's Prospectus, the Board also maintains an appropriate balance of skills, expertise, experience and independence amongst its members. The Directors have a combination of investment knowledge, business and financial skills. The Board considers this a reasonable composition of the Board to ensure a proper governance of the Company. The Directors also have sufficient time to devote to the role of director and associated responsibilities. They disclose in writing on an annual basis to the Board their other time commitments including directorships held outside the Company. The Board is satisfied that the Directors have sufficient time to fully discharge their duties not only for the guarterly Board meetings but also to deal with items at short notice from time to time. The Board informally reviews the overall Board's performance and that of individual Directors annually with a formal documented review taking place every three years.

Responsibilities of the Board

The Board is responsible for the effective and prudent oversight of the Company and is ultimately responsible for ensuring that risk and compliance is properly managed on behalf of the Company. Certain areas of responsibility have been delegated but the key decisions of strategic nature relating to the Company have to be considered by the Board.

Delegation and Service Providers

The Manager of the Company is VanEck Asset Management B.V. (the "Manager"). The Manager is responsible for day-to-day management, administration and distribution of the Company and its Funds. The Manager has appointed Van Eck Associates Corporation and VanEck Asset Management B.V. as the Investment Manager of the Funds (the "Investment Manager"). The Investment Manager operates pursuant

Directors' Report (continued)

Delegation and Service Providers (continued)

to the terms of its respective investment management agreement, guidelines determined by the Manager and as detailed in the Company's Prospectus and the supplements relating to the relevant Funds. The Investment Manager has direct responsibility for the decisions relating to the day-to-day operation of the relevant Funds and is accountable to the Board of the Manager and the Company for the investment performance of the Funds.

The Board has established an Audit Committee and delegated certain functions to the audit committees.

Board Diversity

The Company is subject to a number of legal and regulatory requirements regarding the make-up of its board of directors (the "Board") including the European Communities (Undertakings for Collective Investment in Transferable Securities (Regulations 2019)), the Central Bank (Supervision and Enforcement) Act 2019 (Section 48(1)) (Undertakings for Collective Investment in Transferable Securities (Regulations 2019 (as amended)) and the Companies Act 2014. In addition, the Company has adopted the Irish Fund's Corporate Governance Code for Collective Investment Schemes and Management Companies which includes requirements regarding board composition. As a consequence, the Company is obliged to have at least two directors resident in Ireland, to have at least one independent director and to have a majority of non-executive directors (as defined for the purposes of the Corporate Governance Code). In addition, the Company is obliged to ensure that each of its directors meet all legal and regulatory requirements including being of sufficiently good repute and sufficiently experienced in relation to the type of business carried out by the Company, that all directors meet the Central Bank's fitness and probity requirements and that the Board of the Company has a good balance of skill and expertise so as to enable it to properly and effectively conduct the business of the Company.

These requirements help to ensure a diverse and balanced range of skills as between the directors on the Board.

The Company is committed to actively promoting inclusive and diverse boards and to ensuring an open and fair recruitment process. The diversity may be achieved by having boards with a blend of skills, educational and professional backgrounds, as well as being comprised of individuals with different characteristics (including age, gender, marital status and ethnicity). As part of the annual performance evaluation of the effectiveness of the boards, the Companies will consider the balance of skills, experience, independence, and knowledge of the funds and the diversity representation of the boards.

The Board has regard to the various requirements set out above when considering any prospective new appointments to the Board.

Mr Gijsbert Koning was appointed as Director effective 8 July 2020.

Directors and Secretary

The Directors as at 31 December 2020 and throughout the financial year then ended are listed in Directors and Other Information on page 3. Tudor Trust Limited held the office of secretary (the "Secretary").

Directors' and Secretary's Interests in Shares and Contracts

The Directors, Secretary and their families had no interests in the shares of the Company at 31 December 2020. No Director had a material interest in any contract of significance during or at the end of the financial year in relation to the business of the Company.

A Director (Gijsbert Koning) has USD 180,437 outstanding worth of shares of the Company as at 31 December 2020, and all transactions with that Director during the period are on normal commercial terms. An entity (Angkor Holding B.V.) controlled by the Director (Gijsbert Koning) has USD 347,809 outstanding worth of shares of the Company as at 31 December 2020, and all transactions with that entity during the period are on normal commercial terms

Directors' Report (continued)

Employees

The governance framework of the Company reflects the fact that, as a collective investment scheme, it has no employees and outsources investment management and administration.

Connected Persons Transactions

Regulation 41 of the Central Bank UCITS Regulations "Restrictions of transactions with connected persons" states that "A responsible person shall ensure that any transaction between a UCITS and a connected person is conducted a) at arm's length; and b) in the best interest of the shareholders of the UCITS".

As required under Central Bank UCITS Regulation 78.4, the Directors, as responsible persons are satisfied that there are in place arrangements, evidenced by written procedures, to ensure that the obligations that are prescribed by Regulation 41(1) are applied to all transactions with a connected party; and all transactions with connected persons that were entered into during the financial year to which the report relates complied with the obligations that are prescribed by Regulation 41(1).

Principal Activities: Review of the Business and Future Developments

The Company is a public limited company with variable capital intended to be an umbrella fund with segregated liability between sub-funds established pursuant to the Companies Act 2014.

The investment objective of each sub-fund is to seek to provide shareholders with a return linked to a reference index.

The Manager's Report contains a review of the factors which contributed to the performance for the financial year.

Principal Risks and Uncertainties

The main risks arising from the Company's financial instruments are market price risk, interest rate risk, currency risk and liquidity risk which are outlined in Note 3 to these financial statements.

The Company's overall risk management policy focuses on the unpredictability of financial markets and seeks to minimise potential adverse effects on the sub-fund's financial performance. Investment in the Company carries with it a degree of risk including, but not limited to, the risks referred to in Note 3 of these financial statements. The Company's business activities, together with the factors likely to affect its future development, performance and position are set out in the Investment Manager's Report. The financial position of the Company as at 31 December 2020 is described in the financial statements on pages 41 to 43. In addition, the Investment Manager's Report sets out the objectives of VanEck Vectors™ Junior Gold Miners UCITS ETF, VanEck Vectors Morningstar US Wide Moat UCITS ETF, VanEck Vectors Morningstar US Wide Moat UCITS ETF, VanEck Vectors Morningstar Global Wide Moat UCITS ETF, VanEck Vectors™ J.P. Morgan EM Local Currency Bond UCITS ETF, VanEck Vectors™ Natural Resources UCITS ETF, VanEck Vectors™ Preferred US Equity UCITS ETF, VanEck Vectors™ Global Fallen Angel High Yield Bond UCITS ETF, VanEck Vectors™ Emerging Markets High Yield Bond UCITS ETF, VanEck Vectors™ Semiconductor UCITS ETF, VanEck Vectors™ Video Gaming and eSports UCITS ETF and VanEck Vectors™ Semiconductor UCITS ETF and the outlook for the "sub-funds". The Company has considerable assets under management with minimal to moderate levels of tracking error. As a consequence, the Directors believe that the Company is well placed to manage its business successfully.

Significant Events During the Financial Year

Potential Implication of Brexit

On 31 January 2020, the UK formally withdrew from and ceased being a member of the EU. The UK and the EU have entered into a transition period until 31 December 2020 during which time the UK is subject to applicable EU laws and regulations. The outcome of the negotiation and implementation of the political, economic and legal framework for the ongoing relationship between the UK and the EU cannot be predicted and may lead to a period of continued uncertainty and volatility in both the UK and European markets. The

Directors' Report (continued)

Significant Events During the Financial Year (continued)

Potential Implication of Brexit (continued)

terms of the future relationship between the UK and the EU may cause continued uncertainty in the global financial markets, and adversely affect the performance of the Funds. Volatility resulting from this uncertainty may mean that the returns of the Funds' investments are adversely affected, for example, by market movements and potential decline in the value of Sterling and/or Euro or reduced liquidity in certain securities. This may also make it more difficult, or more expensive, for the Funds to execute prudent currency hedging policies where implemented by the Investment Manager. The UK's exit from the EU may change the legal and regulatory landscape, increasing operating and compliance costs for the Company.

Coronavirus disease (COVID-19)

The Board of Directors is aware that global financial markets have been monitoring and reacting to the impact of COVID 19 on the Company. All markets have incurred increased volatility and uncertainty since the onset of the pandemic. As the sub-funds track indices, they are exposed to the movements of the underlying indices which were volatile post year end following COVID-19.

The Board of Directors has also noted the operational risks that are posed to the Company and its service providers due to global and local movement restrictions that have been enacted by various governments. COVID-19 pandemic is an unprecedented event and the eventual impact on the global economy and markets will largely depend on the scale and duration of the outbreak. The Board of Directors will continue to monitor this situation.

On 25 January 2020, the Company appointed State Street Custodial Services (Ireland) Limited to act as the Depositary of the company's assets pursuant to the Depositary Agreement.

State Street Fund Services (Ireland) Limited has been appointed by the Manager to act as Administrator and Transfer Agent under the terms of the administrator agreement on 25 January 2020.

A new Prospectus was issued on 27 January 2020.

The VanEck Vectors Morningstar Global Wide Moat UCITS ETF Fund launched on 7 July 2020.

Mr. Gijsbert Koning was appointed Director to the Company as at 8 July 2020. Mr. Koning is also Managing Director of VanEck Asset Management B.V., the UCITS Management Company of VanEck is the Netherlands.

The VanEck VectorsTM Semiconductor UCITS ETF Fund launched on 1 December 2020.

VanEck Investments Limited was the Manager of the Company until 21 December 2020. VanEck Asset Management B.V. is the Manager of the Company effective from 22 December 2020.

A new Prospectus for the sub-funds was issued on 22 December 2020.

Subsequent Events after the Financial Year End

A new Prospectus and Supplements were issued on 10 March 2021.

Termination of the VanEck Vectors™ Natural Resources UCITS ETF and the VanEck Vectors™ Preferred US Equity UCITS ETF was announced on 12 March 2021.

The VanEck Vectors™ Hydrogen Economy UCITS ETF was launched 26 March 2021.

There were no other significant subsequent events after the financial period end that requires disclosure in the financial statements.

Directors' Report (continued)

The Results and Dividends

The results for the financial year are set out in the Statement of Comprehensive Income. The Directors are permitted to declare dividends on any Class of Shares as appears to the Directors to be justified by the profits of the relevant sub-fund. No dividends were declared for the financial years ended 31 December 2020 or 31 December 2019.

Independent Auditors

KPMG Chartered Accountants were appointed as statutory auditor on 28 August 2014 and will continue in office in accordance with section 383(2) of the Companies Act 2014.

On behalf of the Board of the Directors

Mary Canning

Date: 21 April 2021

Report from the Depositary to the Shareholders

For the period from 01 January 2020 to 24 January 2020 (the "Period")

The Bank of New York Mellon SA/NV, Dublin Branch (the "Depositary" "us", "we", or "our"), has enquired into the conduct of VanEck VectorsTM UCITS ETFs plc (the "Company") for the Period ended 24 January 2020, in its capacity as depositary to the Company.

This report including the opinion has been prepared for and solely for the shareholders in the Company, in accordance with our role as depositary to the Company and for no other purpose. We do not, in giving this opinion, accept or assume responsibility for any other purpose or to any other person to whom this report is shown

Responsibilities of the Depositary

Our duties and responsibilities are outlined in Regulation 34 of the European Communities (Undertakings for Collective Investment in Transferable Securities) Regulations 2011 (S.I. No 352 of 2011), as amended (the "Regulations").

Our report shall state whether, in our opinion, the Company has been managed in that period in accordance with the provisions of the Company's constitutional documentation and the Regulations. It is the overall responsibility of the Company to comply with these provisions. If the Company has not been so managed, we as depositary must state in what respects it has not been so managed and the steps which we have taken in respect thereof.

Basis of Depositary Opinion

The Depositary conducts such reviews as it, in its reasonable opinion, considers necessary in order to comply with its duties and to ensure that, in all material respects, the Company has been managed (i) in accordance with the limitations imposed on its investment and borrowing powers by the provisions of its constitutional documentation and the appropriate regulations and (ii) otherwise in accordance with the Company's constitutional documentation and the appropriate regulations.

Opinion

In our opinion, the Company has been managed during the Period, in all material respects:

- (i) in accordance with the limitations imposed on the investment and borrowing powers of the Company by the Memorandum and Articles of Association and by the Regulations; and
- (ii) otherwise in accordance with the provisions of the constitutional documentation and the Regulations.

Report from the Depositary to the Shareholders (continued)

Report of the Depositary to the Shareholders

We have enquired into the conduct of VanEck Vectors™ UCITS ETFs plc ('the Company') for the year ended 31 December 2020, in our capacity as Depositary to the Company.

This report including the opinion has been prepared for and solely for the shareholders in the Company as a body, in accordance with Regulation 34, (1), (3) and (4) in Part 5 of the European Communities (Undertakings for Collective Investment in Transferable Securities) Regulations 2011, as amended, ('the UCITS Regulations'), and for no other purpose. We do not, in giving this opinion, accept or assume responsibility for any other purpose or to any other person to whom this report is shown.

Responsibilities of the Depositary

Our duties and responsibilities are outlined in Regulation 34, (1), (3) and (4) in Part 5 of the UCITS Regulations. One of those duties is to enquire into the conduct of the Company in each annual accounting period and report thereon to the shareholders.

Our report shall state whether, in our opinion, the Company has been managed in that period in accordance with the provisions of the Company's constitution (the "Constitution) and the UCITS Regulations. It is the overall responsibility of the Company to comply with these provisions. If the Company has not so complied, we as Depositary must state why this is the case and outline the steps which we have taken to rectify the situation.

Basis of Depositary Opinion

The Depositary conducts such reviews as it, in its reasonable opinion, considers necessary in order to comply with its duties as outlined in Regulation 34, (1), (3) and (4) in Part 5 of the UCITS Regulations and to ensure that, in all material respects, the Company has been managed

- (i) in accordance with the limitations imposed on its investment and borrowing powers by the provisions of the Constitution and the UCITS Regulations and
- (ii) otherwise in accordance with the Company's constitutional documentation and the appropriate regulations.

Opinion

In our opinion, the Company has been managed during the year, in all material respects:

- (i) in accordance with the limitations imposed on the investment and borrowing powers of the Company by the Constitution, the UCITS Regulations and the Central Bank (Supervision and Enforcement) Act 2013 (Section 48(1)) (Undertakings for Collective Investment in Transferable Securities) Regulations 2019 ('the Central Bank UCITS Regulations'); and
- (ii) otherwise in accordance with the provisions of the Constitution, the UCITS Regulations and the Central Bank UCITS Regulations.

Manager's Report

MARKET REPORT

Gold Miners

This market background summary covers VanEck Vectors™ Gold Miners UCITS ETF and VanEck Vectors™ Junior Gold Miners UCITS ETF.

- For the period from 1 January 2020 to 31 December 2020, VanEck Vectors™ Gold Miners UCITS ETF and VanEck Vectors™ Junior Gold Miners UCITS ETF returned 23.09% and 29.95% respectively.
- Gold gained 25.1% or US\$381/oz in 2020, its largest annual percentage gain in ten years.
- A myriad of pandemic-related drivers moved gold beginning in January with the outbreak in China.
- Gold advanced to seven-year highs in February as COVID spread to South Korea. In the last week of February, news of infections in Italy, Iran and the U.S. caused markets to crash and gold fell to its low of the year of US\$1,451 on March 16.
- Gold stocks also tumbled as investors sought to raise cash for margin calls, redemptions and risk-off
 positioning. Once the panic abated, gold and gold stocks snapped back, returning to their pre-crash
 levels in early April.
- Gold reached new long-term highs in April, May and June. On July 27, it surpassed the US\$1,921/oz all-time high set in 2011 and went on to its ultimate high of US\$2,075/oz on August 7.
- Since August, gold has taken a breather, consolidating in the US\$1,800 US\$2,000/oz range.
- News of positive COVID vaccine test results in early November brought hopes for a return to normalcy, causing gold to fall and test long-term technical support at US\$1,800/oz.
- Support held and gold trended higher in December as the U.S. Dollar Index (DXY) made new lows, ending the year at US\$1,898/oz.

Morningstar US Wide Moat

This market background summary covers VanEck Vectors Morningstar US Wide Moat UCITS ETF.

- For the period from 1 January 2020 to 31 December 2020, VanEck Vectors Morningstar US Wide Moat UCITS ETF returned 14.12%.
- VanEck Vectors Morningstar Wide Moat UCITS ETF seeks to replicate as closely as possible, before
 fees and expenses, the price and yield performance of the Morningstar® Wide Moat Focus IndexTM
 (MWMFTR). The index targets U.S. companies with sustainable competitive advantages, i.e.,
 "moats," and attractive valuations in the view of Morningstar's team of more than 100 equity analysts.
- According to the forward-looking process of Morningstar's Equity Research group, companies with
 moats have the potential to create above-average returns for longer periods of time. The index's
 approach to investing in U.S. companies with wide economic moats when they are attractively priced
 has resulted in long-term outperformance versus the broad U.S. equity market.
- The Morningstar Wide Moat Focus Index underperformed the broader U.S. equity market in 2020, ending a four-year period of annual excess returns. However, the strategy's long-term performance remains very impressive.
- Results in 2020 were challenged by an underweight position in the high-performing FANMAG stocks (Facebook, Amazon, Netflix, Microsoft, Apple, and Google/Alphabet) and an unfavorable style bias toward value.

Manager's Report (continued)

MARKET REPORT (continued)

Morningstar Global Wide Moat

This market background summary covers VanEck Vectors Morningstar Global Wide Moat UCITS ETF.

- For the period from 7 July 2020 to 31 December 2020, VanEck Vectors Morningstar Global Wide Moat UCITS ETF returned 16.76%.
- VanEck Vectors Morningstar Global Wide Moat UCITS ETF provides exposure to global with Morningstar Economic Moat Ratings of wide that are trading at the lowest current market price/fair value ratios.

Emerging Markets Government Debt

This market background summary covers VanEck Vectors™ J.P. Morgan EM Local Currency Bond UCITS ETF.

- For the period from 1 January 2020 to 31 December 2020, VanEck Vectors™ J.P. Morgan EM Local Currency Bond UCITS ETF returned 2.66%.
- Within emerging markets debt, local currency bonds have historically provided the greatest diversification benefit compared to U.S. dollar-denominated emerging markets sovereign or corporate bonds, as measured by the segment's relatively low correlation to other asset classes.
- Returns were driven by the Covid-19 outbreak in the beginning of the year. The following recovery
 was supported to globally highly accommodative central bank policy. Emerging markets central
 banks have responded to the recent downturn by prioritizing growth and financial stability over
 inflation. Many have aggressively cut rates, and in some countries, quantitative easing (QE)-style
 open market operations have been implemented.
- A lot of attention is being given to rising yields in the U.S. and the potential impact on EMFX. EMFX
 remains near historical lows from a valuation perspective against the U.S. dollar.

Emerging Markets Corporate Debt

This market background summary covers VanEck Vectors™ Emerging Markets High Yield Bond UCITS ETF.

- For the period from 1 January 2020 to 31 December 2020, VanEck Vectors™ Emerging Markets High Yield Bond UCITS ETF returned 6.87%.
- Emerging markets corporate high yield bond spreads continue to stand out following the selloff experienced in March and April. Despite the significant rally in spreads thereafter, emerging markets high yield remains attractive from a historical perspective.
- Of course, Covid-19 dominated the investment environment for EM high yield bonds as well and the market is pricing in a substiantial amount of risk, including a significantly higher probability of defaults.

Natural Resources

This market background summary covers VanEck Vectors™ Natural Resources UCITS ETF and VanEck Vectors™ Global Mining UCITS ETF.

- For the period from 1 January 2020 to 31 December 2020, VanEck Vectors™ Natural Resources
 UCITS ETF returned 6.32%. For the period from 1 January 2020 to 31 December VanEck Vectors™
 Global Mining UCITS ETF returned 29.49%.
- The commodity price rally experienced throughout much of the third quarter accelerated significantly
 in the last quarter of 2020. Demand shock and optimism of a hastened recovery pushed several
 commodities to new highs while, in most cases, helping prices reach levels unseen since before the
 pandemic.

Manager's Report (continued)

MARKET REPORT (continued)

Natural Resources (continued)

- Though a number of factors underpinned this acceleration, China the most commodity-intensive country on the demand side-continued to recover much faster than anticipated.
- Hopes around various COVID-19 vaccines in the U.S., EU, China, U.K. and Japan allayed fears over a prolonged recovery while continued central bank easing and an array of fiscal stimulus packages supported the near-term growth outlook.
- Industrial metals were perhaps the most positively impacted by an uptick in global economic activity
 during the quarter. Copper benefited not least from resulting strong demand from China and
 renewable energy markets, broadly but also due to global supply shortages of the red metal.
 Infrastructure projects in China were among the largest drivers of steel, too, where production of the
 commodity reached all-time highs.

U.S. Preferred Stocks

This market background summary covers VanEck Vectors™ Preferred US Equity UCITS ETF.

- For the period from 1 January 2020 to 31 December 2020, VanEck Vectors™ Preferred US Equity UCITS ETF returned 5.83%.
- Preferred securities are considered hybrid securities because they have features of both debt and
 equity securities. Historically, a company's preferred securities have offered higher yields than either
 its common stock or its senior debt. The Wells Fargo® Hybrid and Preferred Securities Aggregate
 Index (WAGG) tracks the performance of non-convertible U.S. preferred securities issued by
 companies that are listed on U.S. exchanges.
- The Federal Reserve lowered rates twice this year to 0% (lower bound) 0.25% (upper bound) and expanded their emergency programmes, leading to increased interest in other income producing assets such as preferred securities.

Fallen Angels

This market background summary covers VanEck Vectors™ Global Fallen Angel High Yield Bond UCITS ETF.

- For the period from 1 January 2020 to 31 December 2020, VanEck Vectors™ Global Fallen Angel High Yield Bond UCITS ETF returned 16.41%.
- Fallen angel bonds are part of the overall high yield universe but unique in that they were originally
 issued with investment grade ratings and later downgraded to non-investment grade, or high yield.
 This results in differentiating characteristics versus the broader high yield bond market such as, a
 higher average credit quality and the crossover from investment grade to high yield markets is
 where the value proposition of fallen angels originates.
- The volume of fallen angels has been quite low in recent years due to a tremendous amount of liquidity in the markets in recent years and the longest economic expansion in U.S. history. This ended in Q1 2020 with the outbreak of Covid-19.
- In addition, the Federal Reserve started to buy fallen angel bonds in Q2 2020 and is providing unprecedented support to the credit markets.
- At the end of Q4 2020, fallen angel yields have dropped significantly below 4% while the number of issues (components) increased from 367 to 623. Fallen angel volume increased from US\$247 bn to US\$542 bn at the end of the year, the steepest increase in the index' history.

Manager's Report (continued)

MARKET REPORT (continued)

Esports and Video Gaming

This market background summary covers VanEck Vectors™ Video Gaming and eSports UCITS ETF.

- For the period from 1 January 2020 to 31 December 2020, VanEck Vectors™ Video Gaming and eSports UCITS ETF returned 83.67%.
- Covid-19 was the dominating headline when looking at video gaming and esports investing. Shelterin-place orders amid the Covid-19 pandemic have helped push video gaming and esports into the mainstream spotlight.
- Video game engagement has broken records across a variety of metrics since the virus shutdown began. Esports recently set a world record for live TV audience with the eNASCAR races that were held in place of regular, live races. However, some esports leagues and tournaments have been put on hold. For instance, the League of Legends Mid-Season Invitational was cancelled due to travel restrictions put in place around the world.

Semiconductor

This market background summary covers VanEck Vectors™ Semiconductor UCITS ETF.

- For the period from 1 December 2020 to 31 December 2020, VanEck Vectors™ Semiconductor UCITS ETF returned 3.42%.
- Semiconductors were among the stocks hit hardest during the COVID-19 selloff this past March; however, most chip stocks have made a resilient comeback. This is potentially good news for semiconductor stocks and investors seeking outsized returns in what many anticipate to be a challenging and unpredictable market over the near-term.
- The global pandemic and ensuing stay-at-home trends are boosting the demand and adoption of products that use chips.

The sub-fund returns are based on the calculated ending net asset value ("NAV") for the financial period under review.

The sub-fund returns are net of management fees.

Important information on performance

The performance data quoted represents past performance. All Fund and Index performances are calculated in USD.

Past performance is not a guarantee of future results. Performance information for the Fund is net of expenses and/or fees. These returns do not reflect the deduction of taxes that a shareholder would pay on the sale of Fund shares.

Investment return and value of the shares of the Fund will fluctuate so that an investor's shares, when sold, may be worth more or less than their original cost. Performance may be lower or higher than performance data quoted.

The "Net Asset Value" (NAV) of a VanEck Vectors™ UCITS ETFs Plc sub-fund is determined at the close of each business day, and represents the dollar value of one share of the fund; it is calculated by taking the total assets of the fund, subtracting total liabilities, and dividing by the total number of shares outstanding. The NAV is not necessarily the same as the ETF's intraday trading value.

^{*} VanEck Vectors Morningstar Global Wide Moat UCITS ETF's inception date is 7 July 2020 and VanEck Vectors™ Semiconductor UCITS ETF's inception date is 1 December 2020. The sub-funds' performance and index performance do not cover the entire reported period.

^{**} Until 31 July 2020, the performance was achieved with a different investment policy. Prior to 31 July 2020 the sub-fund used a different Index, the ICE Global Fallen Angel High Yield Index.

Manager's Report (continued)

FUND REPORT (continued)

Important information on performance (continued)

Index returns assume the reinvestment of all income and do not reflect any management fees or brokerage expenses associated with Fund returns. Investors cannot invest directly in the Index. Returns for actual Fund investors may differ from what is shown because of differences in timing, the amount invested and fees and expenses.

Tracking Error

The realised tracking error is the annualised standard deviation of the difference in daily returns between a sub-fund and its index. Tracking error shows the consistency of the returns relative to the index over the defined period of time.

Anticipated tracking error is based on the annualised standard deviation of the difference in daily returns between a sub-fund and its index under normal market conditions.

Cash management, efficient portfolio management techniques including securities lending, transaction costs from rebalancing and currency hedging can have an impact on tracking error as well as the return differential between the cash component of the fund. Importantly, these impacts can be either positive or negative depending on the underlying circumstances.

In addition to the above, the sub-funds may also have a tracking error due to withholding tax charged to the sub-funds on any income received from its investments. The level of tracking error arising due to withholding taxes depends on various factors such as any reclaims filed by the sub-funds with various tax authorities, any benefits obtained by the Funds under a tax treaty or any securities lending activities carried out by the Funds.

The table below shows the anticipated annual tracking error of the sub-funds against the realised tracking error of the sub-funds. Realised tracking error is an annualized figure calculated using data from the preceding 12 months observation period.

Sub-Fund	Anticipated Tracking Error 1 year	Realised Tracking Error 1 year
VanEck Vectors™ Gold Miners UCITS ETF	Up to 0.5%	0.09%
VanEck Vectors™ Junior Gold Miners UCITS ETF***	Up to 1.0%	1.02%
VanEck Vectors Morningstar US Wide Moat UCITS ETF	Up to 0.5%	0.09%
VanEck Vectors™ J.P. Morgan EM Local Currency Bond UCITS ETF	Up to 2.5%	1.38%
VanEck Vectors™ Natural Resources UCITS ETF	Up to 1.0%	0.39%
VanEck Vectors™ Preferred US Equity UCITS ETF	Up to 1.0%	0.17%
VanEck Vectors™ Global Fallen Angel High Yield Bond UCITS ETF**	Up to 1.5%	1.37%
VanEck Vectors™ Emerging Markets High Yield Bond UCITS ETF	Up to 1.5%	1.34%
VanEck Vectors™ Global Mining UCITS ETF	Up to 1.0%	0.38%
VanEck Vectors™ Video Gaming and eSports UCITS ETF	Up to 1.0%	0.09%
VanEck Vectors Morningstar Global Wide Moat UCITS ETF*	Up to 1.0%	0.08%
VanEck Vectors™ Semiconductor UCITS ETF*	Up to 1.0%	0.05%

VanEck Vectors Morningstar Global Wide Moat UCITS ETF's inception date is 7 July 2020 and VanEck Vectors™ Semiconductor UCITS ETF's inception date is 1 December 2020. The sub-funds' performance and index performance do not cover the entire reported period.

^{**} Until 31 July 2020, the performance was achieved with a different investment policy. Prior to 31 July 2020 the sub-fund used a different Index, the ICE Global Fallen Angel High Yield Index.

^{***} VanEck VectorsTM Junior Gold Miners UCITS ETF tracking error was higher than the anticipated tracking error due to higher than normal market movements and a trading error which occurred during the reweighting in March 2020. The Fund was compensated for this at a later stage.

Performance Comparison

Index returns assume the reinvestment of all income and do not reflect any management fees or brokerage expenses associated with Fund returns. Investors cannot invest directly in the Index. Returns for actual Fund investors may differ from what is shown because of differences in timing, the amount invested and fees and expenses.

Commencement date for Performance Comparison

The price used to calculate market return (Share Price) is the closing USD price listed on the London Stock Exchange. Since the shares of the Funds did not trade on the secondary market until several days after the Funds' commencement, the NAV of the Funds is used as a proxy for the secondary market trading price to calculate market returns for the periods between commencement date and the first day of secondary market trading in shares of the Funds. For the VanEck Vectors™ Gold Miners UCITS ETF and the VanEck Vectors™ Junior Gold Miners UCITS ETF, this period extends from 25 March 2015 to 15 April 2015; for the VanEck Vectors Morningstar US Wide Moat UCITS ETF from 16 October 2015 to 28 October 2015; for the VanEck Vectors™ J.P. Morgan EM Local Currency Bond UCITS ETF from 7 April 2017 to 20 April 2017; for VanEck Vectors™ Natural Resources UCITS ETF from 21 September 2017 to 20 October 2017; for VanEck Vectors™ Preferred US Equity UCITS ETF from 22 September to 20 October 2017; for VanEck Vectors™ Global Fallen Angel High Yield Bond UCITS ETF from 19 March 2018 to 23 March 2018; for VanEck Vectors™ Emerging Markets High Yield Bond UCITS ETF from 20 March 2018 to 23 March 2018; for VanEck Vectors™ Global Mining UCITS ETF from 18 April 2018 to 23 April 2018; for VanEck Vectors™ Video Gaming and eSports UCITS ETF from 24 June 2019 to 26 June 2019; for VanEck Vectors Morningstar Global Wide Moat UCITS ETF from 7 July 2020 to 9 July 2020 and for VanEck Vectors™ Semiconductor UCITS ETF from 1 December 2020 to 3 December 2020.

VanEck Vectors™ Video Gaming and eSports UCITS ETF	83.67%	84.67%	-1.00%
VanEck Vectors™ Semiconductor UCITS ETF	3.42%	3.43%	-0.01%

The fund returns are based on the calculated ending net asset value ("NAV") for the financial period under review.

The fund returns are net of management fees.

*VanEck Vectors Morningstar Global Wide Moat UCITS ETF's inception date is 7 July 2020 and VanEck Vectors™ Semiconductor UCITS ETF's inception date is 1 December 2020. The Funds' performance and indices' performance do not cover the entire reported period.

**Until 31 July 2020, the performance was achieved with a different investment policy. Prior to 31 July 2020 the Fund used a different index, the ICE Global Fallen Angel High Yield Index.

Important information on performance

The performance data quoted represents past performance. All Fund and Index performances are calculated in USD.

Past performance is not a guarantee of future results. Performance information for the Fund is net of expenses and/or fees. These returns do not reflect the deduction of taxes that a shareholder would pay on the sale of Fund shares.

Investment return and value of the shares of the Fund will fluctuate so that an investor's shares, when sold, may be worth more or less than their original cost. Performance may be lower or higher than performance data quoted.

The "Net Asset Value" (NAV) of a VanEck Vectors™ UCITS ETFs Plc sub-fund is determined at the close of each business day, and represents the dollar value of one share of the fund; it is calculated by taking the total assets of the fund, subtracting total liabilities, and dividing by the total number of shares outstanding. The NAV is not necessarily the same as the Exchange Traded Fund (the "ETF") intraday trading value.

Index returns assume the reinvestment of all income and do not reflect any management fees or brokerage expenses associated with Fund returns. Investors cannot invest directly in the Index. Returns for actual Fund investors may differ from what is shown because of differences in timing, the amount invested and fees and expenses.

Independent Auditor's Report to the Shareholders of VanEck Vectors[™] UCITS ETFs plc

Report on the audit of the financial statements

Opinion

We have audited the English language financial statements of VanEck Vectors UCITS ETFs Pic ("the Fund" or "the Company") for the year ended 31 December 2020 set out on page 41 - 167, which comprise the Statement of Financial Position, the Statement of Comprehensive Income, the Statement of Changes in Net Assets Attributable to Holders of Redeemable Participating Shares, the Statement of Cash Flows, portfolio listings and related notes, including the summary of significant accounting policies set out in note 2. The financial reporting framework that has been applied in their preparation is Irish Law and International Financial Reporting Standards (IFRS) as adopted by the European Union.

Opinion under International Standards on Auditing (Ireland) (ISAs (Ireland))

In our opinion, the financial statements:

- give a true and fair view of the assets, liabilities and financial position of the Fund as at 31 December 2020 and of its changes in net assets attributable to holders to redeemable participating shares for the year then ended;
- have been properly prepared in accordance with IFRS as adopted by the European Union; and
- have been properly prepared in accordance with the requirements of the Companies Act 2014, the European Communities (Undertakings for Collective Investment in Transferable Securities) Regulations 2011 and the Central Bank (Supervision and Enforcement) Act 2013 (Section 48(1)) (Undertakings for Collective Investment in Transferable Securities) Regulations 2019.

Opinion under generally accepted auditing standards in the United States of America ('U.S. GAAS')

In our opinion, the financial statements present fairly, in all material respects, the financial position of the Fund as at 31 December 2020 and the results of its operations and its cash flows for the year then ended in accordance with IFRS as adopted the EU and applicable law.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (Ireland) (ISAs (Ireland)) and applicable law. Our responsibilities under those standards are further described in the Auditor's Responsibilities section of our report. We believe that the audit evidence we have obtained is a sufficient and appropriate basis for our opinion. Our audit opinion is consistent with our report to the audit committee.

We were appointed as auditor by the directors on 28 August 2014. The period of total uninterrupted engagement for the EU Public Interest Entity is the 6 years ended 31 December 2020. We have fulfilled our ethical responsibilities under, and we remained independent of the Fund in accordance with, ethical requirements applicable in Ireland, including the Ethical Standard issued by the Irish Auditing and Accounting Supervisory Authority (IAASA) as applied to listed public interest entities, together with the American Institute of Certified Public Accountants (AICPA) Code of Professional Conduct. No non-audit services prohibited by that standard were provided.

Conclusions relating to going concern

In auditing the financial statements, we have concluded that the director's use of the going concern basis of accounting in the preparation of the financial statements is appropriate. Our evaluation of the director's assessment of the entity's ability to continue to adopt the going concern basis of accounting included.

We evaluated the director's assessment of the Fund's ability to continue to adopt the going concern basis of accounting. Our evaluation of the directors' assessment of the Fund's ability to continue to adopt the going concern basis of accounting included, considering the inherent risks to the Fund's business model and analysis of how those risks might affect the Fund's financial resources or ability to continue operations over

Independent Auditor's Report to the Shareholders of VanEck Vectors[™] UCITS ETFs plc (continued)

the going concern period. The risks that we considered most likely to adversely affect the Fund's available financial resources over this period was the availability of capital to meet operating costs and other financial commitments (liquidity risk) and the valuation of investments at fair value as a result of market performance (price risk). In the director's assessment it was noted that the Fund held, and continues to hold, a large number of shares through different sub-funds, and the composition of the sub-fund's portfolio reduces the going concern risk resulting from market performance of the investments. The director's assessment is consistent with our understanding of the Fund.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the Company's ability to continue as a going concern for a period of at least twelve months from the date when the financial statements are authorised for issue.

Key audit matters: our assessment of risks of material misstatement

Key audit matters are those matters that, in our professional judgment, were of most significance in the audit of the financial statements and include the most significant assessed risks of material misstatement (whether or not due to fraud) identified by us, including those which had the greatest effect on: the overall audit strategy; the allocation of resources in the audit; and directing the efforts of the engagement team. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

In arriving at our audit opinion above, the key audit matters are as follows:

Accuracy and ownership of financial assets at fair value through profit and loss (level 1) \$2,272,544,784 (31 December 2019: \$689,176,230)

Note 2 – Significant Accounting Policies and Note 3 – Financial Risk Management

The key audit matter: Accuracy and Ownership of level 1 financial assets

Accuracy and ownership of level 1 financial assets at fair value through profit and loss of the Fund is considered a key audit matter. Level 1 financial assets at fair value through profit and loss is 94% of the total assets (by value of the Fund) is considered to be the key driver of the Fund's capital and revenue performance and required significant audit attention in performing the audit.

We do not consider accuracy of level 1 financial assets to be at high risk of significant misstatement because they comprise liquid, quoted investments.

How the matter was addressed in our audit

Our procedures over the accuracy and ownership of the Level 1 financial assets at fair value through profit and loss included, but were not limited to:

- With the assistance of our valuation specialists, we agreed the accuracy of 100% of the level 1 financial assets in the portfolio to externally quoted prices; and
- We assessed the existence and ownership of level 1 financial assets at year end by obtaining an independent third party confirmation directly from the Depositary and agreeing it to the schedule of investments held at year end.

No material misstatements were noted as part of our testing.

Independent Auditor's Report to the Shareholders of VanEck Vectors[™] UCITS ETFs plc (continued)

Valuation and ownership of level 2 financial assets at fair value through profit and loss (level 2) \$122,448,965 (31 December 2019: \$108,368,023)

Note 2 - Significant Accounting Policies and Note 3 - Financial Risk Management

The key audit matter: Valuation and ownership of financial assets (level 2)

Valuation and ownership of level 2 financial assets at fair value through profit and loss of the Fund is considered a key audit matter. Level 2 Financial assets at fair value through profit and loss is 5% of the total assets (by value of the Fund) is considered to be the key driver of the Fund's capital and revenue performance and required significant audit attention in performing the audit.

We do not consider valuation of level 2 financial assets to be at high risk of significant misstatement, or to be subject to a significant level of judgement because they comprise liquid, quoted investments.

How the matter was addressed in our audit

Our procedures over the valuation and ownership of the Fund's level 2 financial assets at fair value through profit and loss included, but were not limited to:

- With the assistance of our valuation specialists, we independently revalued 100% of the level 2 financial assets (determining that the prices were within a reasonable range); and
- We assessed the existence and ownership of level 2 financial assets at year end by obtaining an independent third party confirmation directly from the Depositary and agreeing it to the schedule of investments held at year end.

No material misstatements were noted as part of our testing.

Our application of materiality and an overview of the scope of our audit

The materiality for the Fund financial statements as a whole was set at US\$ 24.2 Million (31 December 2019: US\$8.04 million). This has been calculated with reference to a benchmark of the Fund's total asset value, (of which it represents 100 basis points) as at 31 December 2020, which we consider to be one of the principal considerations for members of the Fund in assessing the financial performance of the Fund. In addition, we applied a materiality of 100 basis points to the total asset of each Sub-Fund. We report to the Audit Committee all corrected and uncorrected misstatements we identified through our audit with a value in excess of 5 basis points of each Sub-Fund's total asset value, in addition to other audit misstatements below that threshold that we believe warranted reporting on qualitative grounds.

Our audit of the Fund was undertaken to the materiality level specified above which has informed our identification of significant risks and used to determine the nature, and extent of the associated audit procedures performed in areas as detailed above.

Other Information

The Directors are responsible for the other information presented in the Annual Report together with the financial statements. The other information comprises the information included in the Directors' report, Report from the Depositary to the Shareholders, Manager's Report, Appendix 1: Other Information (Unaudited), Appendix 2: UCITS V (unaudited) and Statement of Portfolio Changes (Unaudited). The financial statements and our Auditor's report thereon do not comprise part of the other information. Our opinion on the financial statements does not cover the other information and, accordingly, we do not express an audit opinion or, except as explicitly stated below, any form of assurance conclusion thereon.

Independent Auditor's Report to the Shareholders of VanEck Vectors[™] UCITS ETFs plc (continued)

Our responsibility is to read the other information and, in doing so, consider whether, based on our financial statements audit work, the information therein is materially misstated or inconsistent with the financial statements or our audit knowledge. Based solely on that work we have not identified material misstatements in the other information.

Based solely on our work on the other information, we report that;

- · we have not identified material misstatements in the Directors' report;
- · in our opinion, the information given in the Directors' report is consistent with the financial statements; and
- in our opinion, the directors' report has been prepared in accordance with the Companies Act 2014.

Corporate governance disclosures

In addition we report, in relation to information given in the Corporate Governance Statement on pages 6 to 7, that:

- based on knowledge and understanding of the Fund and its environment obtained in the course of our audit, no material misstatements in the information identified above have come to our attention; and
- based on the work undertaken in the course of our audit, in our opinion:
- the description of the main features of the internal control and risk management systems in relation to the process for preparing the financial statements is consistent with the financial statements and has been prepared in accordance with the Companies Act 2014;
- the Fund is not subject to the European Communities (Takeover Bids (Directive 2004/25/EC)) Regulations 2006 and therefore not required to include information relating to voting rights and other matters required by those Regulations and specified by the Companies Act 2014 for our consideration in the Corporate Governance Statement;
- the Corporate Governance Statement contains the information required by the Companies Act 2014; and
- the Corporate Governance Statement contains the information required by the European Union (Disclosure of Non-Financial and Diversity Information by certain large undertakings and groups) Regulations 2017.

Our opinion on other matters prescribed by the Companies Act 2014 are unmodified

We have obtained all the information and explanations which we consider necessary for the purpose of our audit.

In our opinion, the accounting records of the Fund were sufficient to permit the financial statements to be readily and properly audited and the Fund's financial statements are in agreement with the accounting records.

We have nothing to report on other matters on which we are required to report by exception

The Companies Act 2014 requires us to report to you if, in our opinion, the disclosures of directors' remuneration and transactions required by Sections 305 to 312 of the Act are not made. We have nothing to report in this regard.

Independent Auditor's Report to the Shareholders of VanEck Vectors[™] UCITS ETFs plc (continued)

Respective responsibilities and restrictions on use

Directors' responsibilities for the financial statements in accordance with ISA (Ireland)

As explained more fully in their statement set out on pages 5 and 6, the directors are responsible for: the preparation of the financial statements including being satisfied that they give a true and fair view; such internal control as they determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error; assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern; and using the going concern basis of accounting unless they either intend to liquidate the Fund or to cease operations, or have no realistic alternative but to do so.

Director's responsibilities for the financial statements in accordance with US GAAS

The directors are responsible for the preparation and fair presentation of the financial statements in accordance with IFRS as adopted by the European Union, including the design, implementation and maintenance of internal control, relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's responsibilities in accordance with ISA (Ireland) for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue our opinion in an auditor's report. Reasonable assurance is a high level of assurance, but does not guarantee that an audit conducted in accordance with ISAs (Ireland) will always detect a material misstatement when it exists. Misstatements can arise from fraud, other irregularities or error and are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial statements. The risk of not detecting a material misstatement resulting from fraud or other irregularities is higher than for one resulting from error, as they may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control and may involve any area of law and regulation and not just those directly affecting the financial statements.

A fuller description of our responsibilities is provided on IAASA's website at:

 $\underline{http://www.iaasa.ie/Publications/Auditing-standards/International-Standards-on-Auditing-for-use-in-Ire/Description-of-the-auditor-s-responsibilities-for.}$

Auditor's responsibilities in accordance with U.S. GAAS for the audit of the financial statements

Our responsibility is to express an opinion on these financial statements based on our audit approach. We conducted our audit in accordance with U.S. GAAS. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit performed in accordance with U.S. GAAS involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgement, including the assessment of those risks of material misstatement of the financial statement, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Independent Auditor's Report to the Shareholders of VanEck Vectors[™] UCITS ETFs plc (continued)

The purpose of our audit work and to whom we owe our responsibilities

Our report is made solely to the Fund's members, as a body, in accordance with Section 391 of the Companies Act 2014. Our audit work has been undertaken so that we might state to the Fund's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Fund and the Fund's members, as a body, for our audit work, for our report, or for the opinions we have formed.

Notes to the Financial Statements

1. Organisation

VanEck VectorsTM UCITS ETFs plc (the "Company") was incorporated on 26 August 2014 under the laws of Ireland. The Company is a public limited company with variable capital and is structured as an umbrella fund with segregated liability between sub-funds established pursuant to the Companies Act 2014. The sole objective for which the Company is established is the collective investment in transferable securities and/or other liquid financial assets as pursuant to the UCITS Regulations and Central Bank UCITS Regulations. The Company was authorised by the Central Bank of Ireland on 8 December 2014.

As at 31 December 2020, the Company consisted of twelve sub-funds, collectively the "sub-funds", and individually the "sub-fund". As at 31 December 2020, each sub-fund had one share class in issue – USD A Share class.

VanEck Vectors[™] Junior Gold Miners UCITS ETF (the "sub-fund")

The investment objective of the sub-fund is to track, before fees and expenses, the price and yield performance of the MVIS Global Junior Gold Miners Index (the "Index").

VanEck Vectors[™] Gold Miners UCITS ETF (the "sub-fund")

The investment objective of the sub-fund is to track, before fees and expenses, the price and yield performance of the NYSE Arca Gold Miners Index (the "Index").

VanEck Vectors Morningstar Global Wide Moat UCITS ETF (the "sub-fund")

The investment objective of the sub-fund is to track, before fees and expenses, the price and yield performance of the Morningstar® Wide Moat Focus IndexSM (the "Index").

VanEck Vectors Morningstar US Wide Moat UCITS ETF (the "sub-fund")

The investment objective of the sub-fund is to track, before fees and expenses, the price and yield performance of the Morningstar® Wide Moat Focus IndexSM (the "Index").

VanEck Vectors[™] J.P. Morgan EM Local Currency Bond UCITS ETF (the "sub-fund")

The investment objective of the sub-fund is to replicate, before fees and expenses, the price and yield performance of the J.P. Morgan GBI–EM Global Core Index (the "Index").

VanEck Vectors[™] Natural Resources UCITS ETF (the "sub-fund")

The investment objective of the sub-fund is to replicate, before fees and expenses, the price and yield performance of the VanEckTM Natural Resources Index (the "Index").

VanEck Vectors[™] Preferred US Equity UCITS ETF (the "sub-fund")

The investment objective of the sub-fund is to replicate, before fees and expenses, the price and yield performance of the Wells Fargo Hybrid and Preferred Securities Aggregate Index (the "Index").

VanEck Vectors[™] Global Fallen Angel High Yield Bond UCITS ETF (the "sub-fund")

The investment objective of the sub-fund is to replicate, before fees and expenses, the price and yield performance of the ICE Global Fallen Angel High Yield 10% Constrained Index (the "Index").

VanEck Vectors[™] Emerging Markets High Yield Bond UCITS ETF (the "sub-fund")

The investment objective of the sub-fund is to replicate, before fees and expenses, the price and yield performance of the ICE BofAML Diversified High Yield US Emerging Markets Corporate Plus Index (the "Index").

VanEck Vectors[™] Global Mining UCITS ETF (the "sub-fund")

The investment objective of the sub-fund is to replicate, before fees and expenses, the price and yield performance of the EMIX Global Mining Constrained Weights Index (the "Index").

VanEck Vectors[™] Video Gaming and eSports UCITS ETF (the "sub-fund")

The investment objective of the sub-fund is to replicate as closely as possible, before fees and expenses, the price and yield performance of the MVIS® Global Video Gaming & eSports Index (the "Index").

Notes to the Financial Statements (continued)

1. Organisation (continued)

VanEck Vectors[™] Semiconductor UCITS ETF (the "sub-fund")

The investment objective of the sub-fund is to replicate, before fees and expenses, the price and yield performance of the MVIS® US Listed Semiconductor 10% Capped Index (the "Index").

As at 31 December 2020, the sub-funds of VanEck Vectors UCITS ETFs plc are listed on Euronext Dublin, London Stock Exchange, Borsa Italiana, XETRA and Six Swiss Exchange.

2. Significant Accounting Policies

a) Basis of Preparation

The Company's annual financial statements have been prepared in accordance with International Financial Reporting Standards ("IFRS") as adopted by the European Union ("EU'), the UCITS Regulations, the Companies Act 2014 and the Central Bank UCITS Regulations.

The financial statements have been prepared on a going concern basis which assumes that the Company will continue in operational existence for the foreseeable future. The financial statements have been prepared under the historical cost convention, as modified by the revaluation of financial assets and financial liabilities at fair value through profit or loss.

Critical accounting estimates and assumptions

The preparation of financial statements in conformity with IFRS requires the use of estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Although these estimates are based on management's best knowledge of the amount, event or actions, actual results ultimately may differ from those estimates.

The Board of Directors make estimates and assumptions concerning the future. The resulting accounting estimates will, by definition, seldom equal the related actual results. There are no estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities.

International Financial Reporting Standards

New standards, amendments and interpretations issued and effective for the financial year beginning 1 January 2020

There are no standards, interpretations or amendments to existing standards that are effective for the first time for the financial year beginning on 1 January 2020 that might have a material impact on the Company's financial statements.

New standards, amendments and interpretations issued but not effective for the financial year beginning 1 January 2020 and not early adopted

A number of new standards and amendments to standards are effective for annual periods beginning after 1 January and earlier application is permitted, however, the Company has not early adopted the new or amended standards in preparing these financial statements.

The following new and amended standards and interpretations are not expected to have a significant impact on the Company's financial statements:

- COVID-19 Related Rent Concessions (Amendment to IFRS 16).
- Onerous Contracts Cost of Fulfilling a Contract (Amendments to IAS 37).
- Property, Plant and Equipment; Proceeds before Intended Use (Amendments to IAS 16).
- Reference to the Conceptual Framework (Amendments to IFRS 3).
- IFRS 17 Insurance Contracts.
- Classification of Liabilities as Current or Non-Current (Amendments to IAS 1).

Notes to the Financial Statements (continued)

2. Significant Accounting Policies (continued)

b) Financial assets and liabilities at fair value through profit or loss

The fair value of financial instruments is based on their quoted market prices, in an active market, at the financial year end date without any deduction for estimated future selling costs. Financial assets and liabilities are priced at current mid prices or quoted market prices at the close of trading on the reported date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value of financial assets and liabilities traded in active markets (such as publicly traded derivatives and trading securities) are based on current quoted market prices at the close of trading on the reporting date.

If a quoted market price in an active market is not available on a recognised stock exchange or from a broker/dealer for non-exchange traded financial instruments, the fair value of the instrument is estimated using valuation techniques, including use of recent arm's length market transactions, reference to the current fair value of another instrument that is substantially the same, discounted cash flow techniques, option pricing models or any other valuation technique that provides a reliable estimate of prices obtained in actual market transactions.

Where discounted cash flow techniques are used, estimated future cash flows are based on management's best estimates and the discount rate used is a market rate at the financial year end date applicable for an instrument with similar terms and conditions. Where other pricing models are used, inputs are based on market data at the financial year end date.

i) Classification and recognition

IFRS 9 sets out the requirements for recognition and measurement of all financial assets and financial liabilities including derivative instruments.

Financial assets at fair value through profit or loss. The Company primarily invests in equities and bonds as at the financial year end based on the business model of the company.

Financial assets that are not at fair value through profit or loss include cash and cash equivalents which are generally short term in nature. These assets together with accounts receivable are classified as amortised cost and the Expected Credit Loss (ECL) is immaterial at year end.

Financial liabilities that are not at fair value through profit or loss include balances due to brokers, accounts payable and financial liabilities arising on redeemable participating shares and are classified as amortised cost.

The Company recognises financial assets and financial liabilities on the date it becomes a party to the contractual provisions of the instrument, and all significant rights and access to the benefits from the assets, and the exposure to the risks inherent in those benefits, are transferred to the Company.

A regular way purchase of financial assets is recognised using trade date accounting. From this date, any gains and losses, arising from changes in fair value of the financial assets or financial liabilities, are recorded.

ii) Measurement

Financial instruments are measured initially at fair value (transaction price) plus, in case of a financial asset or financial liability not at fair value through profit or loss, transaction costs that are directly attributable to the acquisition or issue of the financial asset or financial liability. Transaction costs on financial assets and financial liabilities at fair value through profit or loss are expensed immediately.

Subsequent to initial recognition, all instruments classified at fair value through profit or loss are measured at fair value with changes in their fair value recognised in the Statement of Comprehensive Income. The fair value of instruments traded in active markets is based on quoted market prices at the financial year end date.

Financial liabilities, arising from the redeemable participating shares issued by the Company, are carried at the redemption amount representing the shareholders' right to a residual interest in the Company's assets. The Company primarily invests in equities and bonds.

Notes to the Financial Statements (continued)

2. Significant Accounting Policies (continued)

b) Financial assets and liabilities at fair value through profit or loss (continued)

iii) Derecognition

A financial asset is derecognised when the contractual right to receive cash flows from the financial asset has expired or the Company has transferred substantially all risks and rewards of ownership. A financial liability is derecognised when the obligation specified in the contract has been discharged, cancelled or expired.

iv) IFRS 13, Fair Value Measurement

IFRS 13 'Fair Value Measurement' requires disclosure relating to the fair value hierarchy in which fair value measurements are categorised for assets and liabilities in the Statement of Financial Position.

The disclosures are based on a three-level fair value hierarchy for the inputs used in valuation techniques to measure fair value. The fair value of financial assets and financial liabilities traded in an active market (such as trading securities) are based on quoted market prices at the close of trading on the reporting date

The quoted market price used for financial assets held by the sub-funds is the current bid price; the appropriate quoted market price for financial liabilities is the last traded price.

A financial instrument is regarded as quoted in an active market if the quoted prices are readily and regularly available from an exchange, dealer, broker, industry group, pricing service, or regulatory agency, and those prices represent actual and regularly occurring market transactions on an arm's length basis.

The fair value of financial assets and financial liabilities that are not traded in an active market is determined by using valuation techniques. The Company uses a variety of methods and makes assumptions that are based on market conditions existing at the reporting date. The fair value hierarchy has the following levels:

- Quoted prices (unadjusted) in active markets for identical assets or liabilities (Level 1).
- Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (that is, as prices) or indirectly (that is, derived from prices) (Level 2).
- Inputs for the asset or liability that are not based on observable market data (that is, unobservable inputs) (Level 3).

As the fair values of the investments for VanEck VectorsTM Junior Gold Miners UCITS ETF, VanEck VectorsTM Gold Miners UCITS ETF, VanEck Vectors Morningstar Global Wide Moat UCITS ETF, VanEck Vectors Morningstar US Wide Moat UCITS ETF, VanEck VectorsTM Natural Resources UCITS ETF, VanEck VectorsTM Global Mining UCITS ETF, VanEck VectorsTM Preferred US Equity UCITS ETF, VanEck VectorsTM Video Gaming and eSports UCITS ETF and VanEck VectorsTM Semiconductor UCITS ETF are based on quoted prices in active markets, the sub-funds' financial assets measured at fair value are considered Level 1 for the year ended 31 December 2020 and 31 December 2019.

As the fair values of the investments for VanEck VectorsTM J.P. Morgan EM Local Currency Bond UCITS ETF, VanEck VectorsTM Global Fallen Angel High Yield Bond UCITS ETF and VanEck Vectors TM Emerging Markets High Yield Bond UCITS ETF are based on inputs other than quoted prices, the sub-funds' financial assets are considered Level 2 for the year ended 31 December 2020 and 31 December 2019.

The Company's assets and liabilities (by class) not measured at fair value at financial year ended 31 December 2020 but for which fair value is disclosed within the fair value hierarchy are considered Level 2, except for cash and cash equivalents, which are considered Level 1.

c) Foreign currency translation

i) Functional and presentation currency

The financial statements are presented in US Dollars ((US\$) or (USD)) (the "presentation currency"). Items included in the sub-fund's financial statements are measured and presented using the currency of the primary economic environment in which it operates. The functional currency and presentation currency of the sub-funds is US\$ as they invest primarily in US\$ denominated securities.

Notes to the Financial Statements (continued)

2. Significant Accounting Policies (continued)

c) Foreign currency translation (continued)

ii) Transactions and balances

Monetary assets and liabilities denominated in currencies other then the functional currency are translated into the functional currency at the closing rate of exchange at each financial year end date. Foreign currency transactions are translated into the functional currency using the exchange rates prevailing at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at financial year end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognised in the Statement of Comprehensive Income.

Translation differences on financial instruments, held at fair value through profit and loss are reported as part of the fair value gain and loss.

Reported net realised and unrealised gains and losses arising from foreign currency transactions are reflected in the Statement of Comprehensive Income.

d) Transaction Costs

Transaction costs are incremental costs, which are separately identifiable and directly attributable to the acquisition, issue or disposal of a financial asset or financial liability. They include fees and commissions paid to agents, advisors, brokers and dealers. Transaction costs when incurred are expensed immediately and are included within net gain/loss on financial assets and liabilities at fair value through profit and loss in the Statement of Comprehensive Income.

e) Interest income and interest expense

Interest income is recognised in the Statement of Comprehensive Income as it accrues, using the original effective interest rate of the instrument calculated at the acquisition or origination date. Interest expense is recognised on an accruals basis in line with the contractual terms. Interest is accrued on a daily basis.

f) Redeemable participating shares

Redeemable participating shares are redeemable at the shareholder's option and are classified as financial liabilities. Any distributions on these shares are recognised in the Statement of Changes in Net Assets Attributable to Holders of Redeemable Participating Shares.

g) Fees and charges

A Total fee is expensed as incurred and is charged to the Statement of Comprehensive Income on an accruals basis. Refer to Note 9 for more detail.

h) Gains and losses on investments

Realised gains or losses on disposal of investments during the financial year and unrealised gains and losses on valuation of investments held at the financial year end are recognised within the net gains/(losses) on financial assets and liabilities at fair value through profit or loss in the Statement of Comprehensive Income.

i) Cash flows

The Company has prepared a Statement of Cash Flows using the direct method, whereby major classes of cash receipts and payments related to operating activities are disclosed.

i) Dividend policy

It is not proposed that the Directors will declare a dividend in respect of the sub-funds. Full details of any change to a sub-fund's dividend policy will be provided in an updated Supplement and all Shareholders will be notified in advance.

k) Dividend income and dividend receivable

Dividends are credited to the Statement of Comprehensive Income on the dates on which the relevant securities are listed as "ex dividend". Income is shown gross of any non-recoverable withholding tax, which is disclosed separately in the Statement of Comprehensive Income, and net of any tax credits. Dividend

Notes to the Financial Statements (continued)

2. Significant Accounting Policies (continued)

k) Dividend income and dividend receivable (continued)

receivable is recognised in the Statement of Financial Position and represents the contractual amounts due to the Company at the financial year end.

I) Withholding tax

Dividend and interest income received by the Company may be subject to withholding tax imposed in the country of origin, which is shown separately in the Statement of Comprehensive Income.

m) Cash and Cash equivalents

Cash comprises of cash on hand and demand deposits. Cash equivalents, if any, are short term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to insignificant changes in value. Bank overdraft is included in the liabilities section of the Statement of Financial Position.

n) Offsetting

Financial assets and liabilities are offset and the net amount reported in the Statement of Financial Position when there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously. Refer to Note 13 for details in respect of offsetting and presentation in the financial statements.

o) Spot currency contracts

In a Spot Currency Contract the Company agrees to receive or deliver a fixed quantity of one currency for another, at a pre-determined price at a future date (the spot date). This date is typically within the three business days of inception of the contract. The fair value of open currency contracts is calculated as the difference between the contracted rate and the current spot rate that would close out the contract on the Statement of Financial Position date. Any realised gains or losses are recognised in the Statement of Comprehensive Income on trade date. The sub-funds may enter into these contracts to hedge against changes in currency exchange rates.

p) Segmental reporting

A business segment is a group of assets and operations engaged in providing products or services that are subject to risks and returns that are different from those of other business segments. It is the opinion of the Directors that each sub-fund can be treated as a segment as the return on each sub-fund is linked to a different group of assets and operations. In addition, the Company has no single major customer from which greater than 10% of revenue is generated.

3. Financial Risk Management

a) Investment strategy

Van Eck Associates Corporation acts as Investment Manager for certain Funds as stated in the Prospectus and the Investment Management Agreement between the Manager and the Investment Manager.

The detailed investment objectives and policies of each sub-fund are set out in the Prospectus and relevant Supplements. In order to achieve the investment objective, the Company, on behalf of the sub-funds seeks to track the performance of the reference index or replicate the reference index or invests in securities similar in nature to the components of the reference index. The Manager has due regard to the best interests of the sub-funds and to prevailing market conditions will determine which investment policy to follow at any given time and shall invest all or substantially all of the net proceeds of any issue of shares.

In pursuing its investment objective, the Company is exposed to a variety of financial risks: market risk (including market price risk, interest rate risk and currency risk), credit risk and liquidity risk that could result in a reduction in the Company's net assets. The Company's overall risk management policy focuses on the unpredictability of financial markets and seeks to minimize potential adverse effects on the sub-fund's financial performance.

Notes to the Financial Statements (continued)

3. Financial Risk Management (continued)

a) Investment strategy (continued)

The nature and extent of the financial instruments held at the reporting date and the risk management policies employed by the Company are discussed below.

b) Market risk

At 31 December 2020, the Company's market risk was affected by changes in actual market prices, interest rate movements, credit risk and foreign currency movements.

i) Market price risk

Market price risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. The sub-funds are susceptible to market price risk arising from uncertainties about future prices of the instruments. The maximum risk resulting from financial instruments is determined by the fair value of the financial instruments.

The Investment Manager seeks to moderate market price risk within the sub-funds by adhering to the investment restrictions outlined in the Central Bank UCITS Regulations. These investment restrictions ensure that the sub-funds are appropriately diversified and not overly concentrated within particular investments. The Company calculates its Global Exposure using the commitment approach.

¹Fund launched on 24 June 2019.

The estimated sensitivities are for illustrative purposes only and are not intended to be predictive. Actual fluctuations in response to market price changes may differ.

ii) Interest rate risk

Interest rate risk is the risk due to fluctuation in the prevailing levels of market interest rates, which would cause the fair value of the assets and liabilities to fluctuate accordingly. The Company did not employ leverage and did not borrow for liquidity purposes (with the exception of the bank overdraft on fund VanEck Vectors™ Semiconductor UCITS ETF) and therefore the sub-funds were not exposed to significant interest rate risk during the financial years ended 31 December 2020 or 31 December 2019 with the exception of all of the sub-funds small cash holdings and the VanEck Vectors™ J.P. Morgan EM Local Currency Bond UCITS ETF, VanEck Vectors™ Global Fallen Angel High Yield Bond UCITS ETF and VanEck Vectors™ Emerging Markets High Yield Bond UCITS ETF. As the majority of VanEck Vectors™ J.P. Morgan EM Local Currency

Notes to the Financial Statements (continued)

iii) Currency risk

Currency risk is the risk that the value of a sub-fund's net assets will fluctuate due to changes in foreign currency rates.

The Company can hold assets denominated in currencies other than USD, the functional currency. It can therefore be exposed to currency risk, as the value of the securities denominated in other currencies will fluctuate due to changes in the exchange rates.

VanEck Vectors Morningstar US Wide Moat UCITS ETF, VanEck Vectors[™] Preferred US Equity UCITS ETF, VanEck Vectors[™] Emerging Markets High Yield Bond UCITS ETF and VanEck Vectors[™] Semiconductor UCITS ETF did not have material currency risk exposure during the financial years ended 31 December 2020 or 31 December 2019.

The following tables show the Company's currency risk exposure as at 31 December 2020 and 31 December 2019.

31 December 2020

¹Fund launched on 24 June 2019.

Currency risk is not managed actively in its separate form. Significant currency risk arises from the portfolio of investments denominated in foreign currencies and this affects the carrying value of the securities, hence is considered as part of price risk.

c) Credit risk

Credit risk is the risk that a counterparty or issuer will be unable to meet a commitment it has entered into with the sub-funds.

State Street Custodial Services (Ireland) Limited (the "Depositary") has been appointed as Depositary to the Company. Depending on the requirements of the jurisdictions in which the investments of the sub-funds are issued, the Depositary may use the services of one or more sub-custodians. Bankruptcy or insolvency of the Depositary may cause the Company's rights with respect to securities held to be delayed or limited. The Depositary held an AA- credit rating from the rating agency Standard and Poor's as at 31 December 2020 (31 December 2019: BNY Mellon Trust Company (Ireland) Limited AA-). The Depositary is responsible for the safe-keeping of the assets of the Company. The Depositary may, however, appoint any person or persons to be the sub-custodian of such assets but any liability of the Depositary shall not be affected by the fact that it has entrusted some or all of the assets in its safekeeping to any third party.

In order to reduce its net counterparty risk exposure, the Company may, in relation to any of its sub-funds, avail itself of all mitigation techniques such as netting and financial collateral techniques, which are or may become authorised by the Regulations. In particular, the Company may reduce the overall counterparty risk

Notes to the Financial Statements (continued)

3. Financial Risk Management (continued)

c) Credit risk (continued)

of each sub-fund's OTC derivative by causing the counterparty to deliver collateral (which will comply with the requirements of the Central Bank) to the Depositary (or as otherwise permitted by the Central Bank). Such collateral will be enforceable by the Company at all times and will be marked to market on a daily basis. The amount of collateral to be delivered will be at least equal to the value by which the overall exposure limit as determined pursuant to the Regulations has been exceeded. The Company did not trade in any OTC derivatives during the financial years ended 31 December 2020 or 31 December 2019. All counterparties are approved before the Managers may deal with them.

In addition to the above, the Manager manages the credit risk on a daily basis and provides the Directors with an update each quarter. Any credit risk issues are discussed quarterly with Directors and monitored thereafter.

For these reasons, the Manager considers that the risk that counterparties would fail to discharge their obligations to the sub-funds is low.

There are no significant concentrations of credit risk to counterparties at 31 December 2020 and 31 December 2019 other than in the VanEck VectorsTM J.P. Morgan EM Local Currency Bond UCITS ETF, VanEck VectorsTM Global Fallen Angel High Yield Bond UCITS ETF and VanEck VectorsTM Emerging Markets High Yield Bond UCITS ETF. The maximum credit risk exposure of the sub-funds amounts to US\$54,951,204, US\$46,873,174 and US\$24,226,394. The Manager monitors the credit position on a daily basis. As at 31 December 2020 and 31 December 2019 the break-down of the bond related credit ratings for these sub-funds was as follows:

Investment in securities by rating category as a percentage of Net Asset Value Attributable to Holders of Redeemable Participating Shares

Concentration Risk

As at 31 December 2020 VanEck VectorsTM J.P. Morgan EM Local Currency Bond UCITS ETF did not hold over 20% (31 December 2019: 20%) of its equity in any particular country but it did hold 98.49% (31 December 2019: 98.44%) of its equity in Government Bonds, VanEck VectorsTM Global Fallen Angel High Yield Bond UCITS ETF held over 20% (31 December 2019: 20%) of its equity in following country: 42.66% (31 December 2019: 36.95%) in United States and held 98.06% (31 December 2019: 97.98%) of its equity in Bonds, VanEck VectorsTM Emerging Markets High Yield Bond UCITS ETF did not hold 20% (31 December 2019: 20%) of its equity in any particular country but it did hold 97.99% (31 December 2019: 95.34%) of its equity in Corporate Bonds. A detailed breakdown of the countries and industries invested in is contained in the Portfolio Listing.

d) Liquidity risk

Liquidity risk is the risk that an entity will encounter difficulty in meeting obligations associated with financial liabilities.

Notes to the Financial Statements (continued)

3. Financial Risk Management (continued)

d) Liquidity risk (continued)

The Company is exposed to daily cash redemptions of redeemable participating shares.

The Manager monitors the Company's liquidity position on a daily basis. The Manager reviews the current and future forecasted liquidity position of the Company on a daily basis and ensures that any cash required to meet the settlement of redemption requests is generated as appropriate.

The Company is entitled to limit the number of shares redeemed on any dealing day to shares representing not more than 10% of the Net Asset Value of the sub-fund on that dealing day. In this event, the limitation will apply pro rata, so that all shareholders wishing to redeem their shareholding in the sub-fund on the relevant dealing day will realize the same proportion of their redemption request. Shares not redeemed but which would otherwise have been redeemed, will be carried forward for repurchase on the next dealing day and will be dealt with in priority (on a pro rata basis as detailed above) to redemption requests received subsequently. If requests for redemptions are so carried forward, the Administrator will inform the shareholders affected.

The Company has the ability to borrow in the short term to ensure settlement. The Company's Prospectus allows for borrowing up to 10% of the Company's net assets at any time and the Depositary may have charged the assets of the Company as security for any such borrowing, provided that such borrowing is only for temporary purposes.

The table below analyses the Company's financial liabilities into relevant maturity groupings based on the remaining period at financial year end to the contractual maturity date.

e) Fair Value

IFRS 13 'Fair Value Measurement' requires disclosure relating to the fair value hierarchy in which fair value measurements are categorised for assets and liabilities in the Statement of Financial Position.

The disclosures are based on a three-level fair value hierarchy for the inputs used in valuation techniques to measure fair value. The fair value of financial assets and financial liabilities traded in an active market (such as trading securities) are based on quoted market prices at the close of trading on the reporting date.

The quoted market price used for financial assets held by the sub-funds is the current bid price; the appropriate quoted market price for financial liabilities is the last traded price.

A financial instrument is regarded as quoted in an active market if the quoted prices are readily and regularly available from an exchange, dealer, broker, industry group, pricing service, or regulatory agency, and those prices represent actual and regularly occurring market transactions on an arm's length basis.

Notes to the Financial Statements (continued)

3. Financial Risk Management (continued)

e) Fair Value (continued)

The fair value of financial assets and financial liabilities that are not traded in an active market is determined by using valuation techniques. The Company uses a variety of methods and makes assumptions that are based on market conditions existing at the reporting date. The fair value hierarchy has the following levels:

- Quoted prices (unadjusted) in active markets for identical assets or liabilities (Level 1).
- Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (that is, as prices) or indirectly (that is, derived from prices) (Level 2).
- Inputs for the asset or liability that are not based on observable market data (that is, unobservable inputs) (Level 3).

As the fair values of the investments for VanEck VectorsTM Junior Gold Miners UCITS ETF, VanEck VectorsTM Gold Miners UCITS ETF, VanEck Vectors Morningstar Global Wide Moat UCITS ETF, VanEck Vectors Morningstar US Wide Moat UCITS ETF, VanEck VectorsTM Natural Resources UCITS ETF, VanEck VectorsTM Global Mining UCITS ETF, VanEck VectorsTM Preferred US Equity UCITS ETF, VanEck VectorsTM Video Gaming and eSports UCITS ETF and VanEck VectorsTM Semiconductor UCITS ETF are based on quoted prices in active markets, the sub-funds' financial assets measured at fair value are considered Level 1 for the financial year ended 31 December 2020 and 31 December 2019.

As the fair values of the investments for VanEck VectorsTM J.P. Morgan EM Local Currency Bond UCITS ETF, VanEck VectorsTM Global Fallen Angel High Yield Bond UCITS ETF and VanEck VectorsTM Emerging Markets High Yield Bond UCITS ETF are based on inputs other than quoted prices, the sub-funds' financial assets are considered Level 2 for the financial year ended 31 December 2020 and 31 December 2019.

Transfers between levels of the fair value hierarchy are deemed to have occurred at the beginning of the reporting financial year. There were no transfers between levels during the financial years ended 31 December 2020 or 31 December 2019 for any of the sub-funds.

Assets and liabilities not carried at fair value but for which fair value is disclosed

The Company's assets and liabilities (by class) not measured at fair value at 31 December 2020 and 31 December 2019 but for which fair value is disclosed within the fair value hierarchy are considered Level 2, except for cash and cash equivalents, which are considered Level 1.

The assets and liabilities are carried at amortised cost; their carrying values are a reasonable approximation of fair value.

Cash and cash equivalents include cash in hand, deposits held with banks and brokers.

4. Share Capital

The Authorised Share Capital of the Company is 2 subscriber shares of €1 each and 1,000,000,000,000 participating shares of no par value. There are no rights of pre-emption attached to the shares.

In accordance with the objectives listed in the Directors' Report and in the risk management policies in Note 3, the Company strives to invest the subscriptions of redeemable shares in appropriate investments, while maintaining sufficient liquidity to meet shareholder redemptions.

The Company complies with the minimum capital requirements by ensuring that each shareholder holds a minimum of 50,000 shares.

Shareholders are entitled to attend and vote at general meetings of the Company. Every shareholder, holding shares that are present in person or by proxy shall have one vote and on a poll, every shareholder present in person or by proxy shall have one vote for every share of which they are the holder.

Notes to the Financial Statements (continued)

4. Share Capital (continued)

The Directors are authorised to allot relevant securities up to an amount equal to the authorised share capital of the Company. No shares were allotted during the financial years ended 31 December 2020 and 31 December 2019.

The Directors reserve the right to reject, in whole or in part, any application for shares. In particular, if the Directors determine that it would be detrimental to the existing shareholders to accept a cash application for Shares of any sub-fund which represents more than 10% of the Net Asset Value of such sub-fund, the Directors may decide that all or part of the application for shares in excess of 10% be deferred until the next Dealing Day. If the Directors decide to defer all or part of the application in excess of 10% the applicant shall be informed prior to the deferral taking place.

Capital Management

The redeemable participating shares issued by each sub-fund provide a shareholder with the right to request redemption for cash at a value proportionate to the investor's share in the net assets at each redemption date. The Company's objectives in managing the redeemable shares are to ensure to maximise returns to all investors, and to manage liquidity risk arising from redemptions. The Company's management of liquidity risk arising from redeemable participating shares is disclosed in Note 3(d).

The share issued and share redeemed in USD\$ are included within the Statement of Cash Flows. During the financial years ended 31 December 2020 and 31 December 2019 the number of redeemable shares issued and fully paid was as follows:

6. Cash and Cash Equivalents

The cash balances and bank overdraft at the financial year ended 31 December 2020 and 31 December 2019 were held with the Depositary. As at 31 December 2020 the sub-fund VanEck VectorsTM Semiconductor UCITS ETF had an overdraft balance of US\$787. The credit rating of State Street Custodial Services (Ireland) Limited was AA- at 31 December 2020 (31 December 2019 BNY Mellon Trust Company (Ireland) Limited AA-).

7. Efficient Portfolio Management

The Company may, on behalf of each sub-fund and subject to the conditions and within the limits laid down by the Central Bank of Ireland, employ techniques and instruments relating to transferable securities for efficient portfolio management purposes. Transactions for the purposes of efficient portfolio management may be undertaken with a view to achieving a reduction in risk, a reduction in costs or an increase in capital or income returns to a sub-fund and may not be speculative in nature.

The sub-funds may invest in financial derivative instruments ("FDI") for efficient portfolio management or hedging purposes. The sub-funds may use futures, swaps and currency forwards for the purpose of reducing risk associated with currency exposures within the sub-fund. These techniques and instruments may include investments into hedging transactions on currencies to protect against a decline in the value of investments denominated in currencies other than US\$, and against any increase in the cost of investments denominated in currencies other than US\$. The sub-funds employ the commitment approach to assess the global exposure and to ensure that the sub-fund's use of derivative instruments is in accordance with the requirements of the Central Bank of Ireland.

Forward foreign currency contracts can be used to hedge out unwanted currency exposures and to limit the sub-funds exposure to anticipated changes in exchange rates. There are no forward foreign currency contracts held at the financial years ended 31 December 2020 and 31 December 2019.

Notes to the Financial Statements (continued)

7. Efficient Portfolio Management (continued)

The sub-funds may enter into stock lending, repurchase and/or reverse repurchase agreements for the purposes of efficient portfolio management in accordance with the provisions of the Central Bank UCITS Regulations. The sub-funds did not enter into such agreements during the financial years ended 31 December 2020 and 31 December 2019.

8. Taxation

Under current law and practice the Company qualifies as an investment undertaking as defined in Section 739B of the Taxes Consolidation Act, 1997, as amended. On this basis, it is generally not chargeable to Irish tax on its income or gains.

However, Irish tax can arise on the happening of a "chargeable event" in the Company. A chargeable event includes any payments of distributions to shareholders, any encashment, repurchase, redemption, cancellation or transfer of shares and any deemed disposal of shares as described below for Irish tax purposes arising as a result of holding shares in the Company for a period of eight years or more. Where a chargeable event occurs, the Company is required to account for the Irish tax thereon.

No Irish tax will arise on the Company in respect of chargeable events where:

- a) certain exempted Irish resident investors who have provided the Company with the necessary signed statutory declarations; or
- b) any transactions in relation to shares held in a recognised clearing system as designated by order of the Revenue Commissioners of Ireland; or
- c) an exchange of shares representing one Sub-Fund for another Sub-Fund of the Company; or
- d) an exchange of shares arising on a qualifying amalgamation or reconstruction of the Company with another company; or
- e) certain exchanges of shares between spouses and former spouses.

In the absence of an appropriate declaration, the Company will be liable to Irish tax on the occurrence of a chargeable event. There were no chargeable events during the financial year under review. Dividends, interest and capital gains (if any) received on investments made by the Company may be subject to withholding taxes imposed by the country of origin and such taxes may not be recoverable by the Company or its shareholders.

9. Expenses

Total Fee

The Total Fee, a percentage of the Net Asset Value of the relevant class of shares, is payable by the Company out of the sub-funds' assets to the Manager.

The Total Fee incurred by the Company during the financial years ended 31 December 2020 and 31 December 2019 are detailed below.

	Total Fee	Total Fee
	Financial	Financial

VanEck Vectors™ Semiconductor UCITS ETF²	Up to 0.35% per annum	-

Or such lower amount as may be advised to Shareholders from time to time.

The Total Fee covers all of the ordinary fees, operating costs and expenses payable by the sub-funds, including investment management and advisory fees, Director's fees, registration, transfer agency, administration and depositary fees, registrar fees, regulators and auditors and certain legal expenses of the Company. Refer to pages 47 to 52 for details of the Total fee.

The Manager has agreed to discharge the Company's audit fee and KPMG Ireland's non-audit services, out of the Total Fee. Such fees will be borne by the Manager.

Transaction costs

Transaction costs are incremental costs that are directly attributable to the acquisition, issue or disposal of a financial asset or financial liability. An incremental cost is one that would not have been incurred if the entity had not acquired, issued or disposed of the financial instrument. When a financial asset or financial liability is recognised initially, an entity shall measure it at its fair value through profit or loss plus, transaction costs that are directly attributable to the acquisition or issue of the financial asset or financial liability.

Transaction costs on purchases and sales of equities are included in net gains/(losses) on investments in the Statement of Comprehensive Income for each sub-fund. For the financial years ended 31 December

¹ Fund launched on 7 July 2020.

² Fund launched on 1 December 2020.

Notes to the Financial Statements (continued)

10. Related Parties

Mr Adam Phillips, Mr Jonathan R. Simon, Mr Bruce Smith and Mr Gijsbert Koning are related to Van Eck Associates Corporation and also serve as directors or officers of affiliates of Van Eck Associates Corporation.

Ms Mary Canning, Mr Jon Lukomnik and Mr Adrian Waters are independent directors. Mr Adam Phillips, Ms Mary Canning, Mr Adrian Waters, Mr Jonathan R. Simon and Mr Bruce Smith also serve as Directors of the Manager, VanEck Investments Limited. Mr Jon Lukomnik is also an independent director of the VanEck US mutual funds. Ms Mary Canning, Mr Adrian Waters and Mr Jon Lukomnik are entitled to receive a fee of €7,500 per annum as payment for their services.

As outlined on page 3 of this report, Van Eck Associates Corporation acts as Investment Manager to certain funds of the Company pursuant to an investment management agreement between the Manager and the Investment Manager. VanEck Investments Limited was acting as Manager and Distributor until 21 December 2020. From 22 December 2020 VanEck Asset Management B.V. (the "Manager") is acting as Manager and Distributor. The Manager is a 99% owned subsidiary of Van Eck Associates Corporation. Management Fees earned by the Manger are disclosed in the Statement of Comprehensive Income in Total fee and amounts owed in at the financial year end are disclosed in the Statement of Financial Position in the Total fee payable.

Notes to the Financial Statements (continued)

10. Related Parties (continued)

VanEck Switzerland AG and VanEck (Europe) GmbH are related parties, by virtue of the fact that they have a distribution agreement with the Manager and have the same ultimate parent group, Van Eck Associate Corporation, which held 890,750 (31 December 2019: 852,750) shares in the Company.

MV Index Solutions, the index provider of the MVIS Global Junior Gold Miners Index, which the VanEck VectorsTM Junior Gold Miners UCITS ETF seeks to track and the MVIS Global Video Gaming and eSports Index which the VanEck VectorsTM Video Gaming and eSports UCITS ETF seeks to track, is a wholly owned subsidiary of Van Eck Associates Corporation. The index licensing fees related to the VanEck VectorsTM Global Junior Gold Miners Index and the VanEck VectorsTM Video Gaming and eSports UCITS ETF are borne by the Manager.

A Director (Gijsbert Koning) held 4,184 shares at date of appointment, purchasing 506 shares following his appointment, holding 4,690 shares with a value of USD 180,437 as at 31 December 2020, and all transactions with that Director during the period are on normal commercial terms. An entity (Angkor Holding B.V.) controlled by the Director (Gijsbert Koning) held 4,708 shares at date of appointment, holding 7,994 shares with a value of USD 347,809 as at 31 December 2020, and all transactions with that entity during the period are on normal commercial terms.

Two record holders of shares own 49.66% of the Company on behalf of Nominee accounts.

11. Contingent Liabilities and Commitments

There were no significant liabilities or commitments as at financial years ended 31 December 2020 and 31 December 2019.

12. Segregation of Liability

Under the provisions of the Companies Act 2014, the Directors maintain for each sub-fund a separate portfolio of assets. As between shareholders, each portfolio of assets is invested for the exclusive benefit of the relevant sub-fund. The shareholders are only entitled to the assets and profits of that sub-fund in which they participate. The Company is considered one single legal entity. With regard to third parties, in particular towards the Company's creditors, the Company is responsible for all liabilities incurred by a sub-fund exclusively based on the assets of this relevant sub-fund. Among the shareholders, the liabilities of each sub-fund shall only be incurred to the sub-fund. While the provisions of the Companies Act provide for segregated liability between sub-funds, these provisions have yet to be tested in foreign courts, in particular, in satisfying local creditors' claims.

Accordingly, it is not free from doubt that the assets of a sub-fund of the Company may not be exposed to the liabilities of other sub-funds of the Company.

13. Offsetting and Amounts Subject to Master Netting Arrangements and Similar Agreements

Financial assets and liabilities are offset and the net amount reported in the Statement of Financial Position when there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously.

The legally enforceable right must be based on future events and must not be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the company or the counterparty.

The Company was not subject to master netting arrangements with its derivative counterparties as the Company did not trade in any OTC derivatives during the financial years ended 31 December 2020 or 31 December 2019.

Notes to the Financial Statements (continued)

14. US GAAP Reconciliation

SEC Custody Rule

Van Eck Associates Corporation (the "Investment Manager") is a registered advisor with the United States Securities and Exchange Commission (the "SEC"). Rule 206(4)-2 of the US Investment Advisers Act of 1940, as amended (the "Custody Rule") imposes requirements on SEC registered investment advisors that are deemed to have custody of client funds or securities. The Investment Manager has elected to use the audit exemption provision to satisfy that obligation of the Custody Rule and therefore is required to prepare financial statements for the investment entities they manage in accordance with US generally accepted accounting principles ("US GAAP") or in accordance with accounting standards other than US GAAP if they contain information substantially similar to statements prepared in accordance with US GAAP, with any material differences reconciled. These financial statements must be audited according to requirements of US generally accepted auditing standards ("US GAAS"). These financial statements are prepared in accordance with International Financial Reporting Standards and additional US GAAP information has been provided to meet the requirements of the Custody Rule to reconcile material differences.

Taxation

The Financial Accounting Standards Board ("FASB") issued accounting guidance "Accounting for Uncertainty in Income Taxes" (ASC 740) related to income taxes which provides direction for how uncertain tax positions should be recognised, measured, presented and disclosed. Under this guidance, the recognition of a benefit from a tax position requires that the board of directors determine whether such tax position is "more likely than not" to be sustained upon examination, including resolution of any related appeals or litigation processes. based on the technical merits of the positions. If this threshold is met, the tax benefit is then measured and recognised at the largest amount that is greater than 50 percent likely of being realised upon settlement. It is the Company's policy to recognise interest and penalties related to unrecognised taxes in other expenses. The Company has undertaken an analysis of its tax exposures, and it has determined that there is no potential liability arising. In addition, the Company has determined that its only other tax exposure is to withholding tax on dividends. For the financial year ended 31 December 2020 and the year ended 31 December 2019, no other interest or penalties have been accrued or incurred. The Investment Manager's conclusions regarding the accounting standard may be subject to review and adjustment at a later date based on factors including, but not limited to, further implementation guidance from the FASB, and ongoing analyses of tax laws, regulations and interpretations thereof. The Company files tax returns as prescribed by the tax laws of the jurisdictions in which it operates. In the normal course of business, the Company is subject to examination by federal, state, local and foreign jurisdictions, where applicable.

Reconciliation to US GAAP – Company Statement of Financial Position 31 December 2020

An American Depositary Receipt (ADR) is a stock that trades in the United States but represents a specified number of shares in a foreign corporation. ADRs are bought and sold on American markets just like regular stocks, and are issued/sponsored in the U.S. by a bank or brokerage.

A Global Depositary Receipt (GDR) is very similar to an American depositary receipt or an ADR. It is a type of bank certificate that represents shares in a foreign company, such that a foreign branch of an international bank then holds the shares. The shares themselves trade as domestic shares, but globally, various bank branches offer the shares for sale.

Securities Lending

There were no securities lending activity during the financial years ended 31 December 2020 or 31 December 2019. The Company is not subject to the disclosure requirements of the Securities Financing Transactions Regulation.

Soft Commissions

No soft commission arrangements were entered into during the financial years ended 31 December 2020 or 31 December 2019.

Significant Events During the Financial Year

Potential Implication of Brexit

On 31 January 2020, the UK formally withdrew from and ceased being a member of the EU. The UK and the EU have entered into a transition period until 31 December 2020 during which time the UK is subject to applicable EU laws and regulations. The outcome of the negotiation and implementation of the political, economic and legal framework for the ongoing relationship between the UK and the EU cannot be predicted and may lead to a period of continued uncertainty and volatility in both the UK and European markets. The terms of the future relationship between the UK and the EU may cause continued uncertainty in the global financial markets, and adversely affect the performance of the Funds. Volatility resulting from this uncertainty may mean that the returns of the Funds' investments are adversely affected, for example, by market movements and potential decline in the value of Sterling and/or Euro or reduced liquidity in certain securities. This may also make it more difficult, or more expensive, for the Funds to execute prudent currency hedging policies where implemented by the Investment Manager. The UK's exit from the EU may change the legal and regulatory landscape, increasing operating and compliance costs for the Company.

Coronavirus disease (COVID-19)

The Board of Directors is aware that global financial markets have been monitoring and reacting to the impact of COVID 19 on the Company. All markets have incurred increased volatility and uncertainty since the onset of the pandemic. As the sub-funds track indices, they are exposed to the movements of the underlying indices which were volatile post year end following COVID-19.

The Board of Directors has also noted the operational risks that are posed to the Company and its service providers due to global and local movement restrictions that have been enacted by various governments. COVID-19 pandemic is an unprecedented event and the eventual impact on the global economy and markets will largely depend on the scale and duration of the outbreak. The Board of Directors will continue to monitor this situation.

On 25 January 2020, the Company appointed State Street Custodial Services (Ireland) Limited to act as the Depositary of the company's assets pursuant to the Depositary Agreement.

³ Fund launched on 18 April 2018.

Appendix 1: Other Information (Unaudited) (continued)

Significant Events During the Financial Year (continued)

State Street Fund Services (Ireland) Limited has been appointed by the Manager to act as Administrator and Transfer Agent under the terms of the administrator agreement on 25 January 2020.

Remuneration Policy

VanEck Asset Management B.V.

As a UCITS Management Company VanEck Asset Management B.V. (the "Manager") must implement a remuneration policy that is consistent with a promote sound and effective risk management in accordance with the UCITS Directive and the remuneration guidelines published by the European Securities and Markets Authority (ESMA) as well as other relevant laws and binding guidance in the Netherlands (together the "UCITS Remuneration Code"), which restrict the structure and form of remuneration to certain categories of staff (the "Identified Staff").

The remuneration policy aims to:

- Align the business strategy, values and interests of the Company.
- · Discourage excessive risk taking.
- Enable the Company to align the interests of shareholders and the sub-funds managed with the interests of the Identified Staff managing the sub-funds.

The Board is satisfied that the Manager's remuneration policies and practices for the Directors whose activities may have a material impact on the risk profiles of the Manager, are consistent with and promote sound and effective risk management and do not encourage risk-taking which is inconsistent with the risk profiles of the Funds. The Board is satisfied that Manager's remuneration policy is designed to be consistent with the UCITS Remuneration Code.

Delegated Functions

Where risk management or portfolio management is delegated, the delegate need only put arrangements in place with respect to those staff of the delegate who have a material impact on the risk profiles of the relevant sub-funds, and in respect of remuneration that is connected with the delegated activities.

Portfolio management for certain Funds has been delegated by the Manager to Van Eck Associates Corporation, a US based SEC registered investment adviser ("The Investment Manager").

The Manager will, where applicable, seek to ensure that the Investment Manager is contractually obliged in accordance with the terms of the investment management agreements to observe the UCITS Remuneration Code when making payments to their identified staff for the performance of portfolio management activities on behalf of the company.

Circumstances where the board should be consulted include the following:

- any material issues arise in relation to the Investment Manager's remuneration policies and practices between the regular annual reports which could impact on the Company; and/or
- when the Investment Manager indicates to the Manager that its policies no longer comply with the UCITS Remuneration Code.

Where a material issue arises in relation to the Company's remuneration policies and practices, the Designated Director may consider either tabling the matter for discussion at a Board meeting of the Company, or where time sensitive, convening an ad-hoc Board meeting to discuss.

Appendix 2: UCITS V (Unaudited) (continued)

NAME	TITLE	RESPONSIBILITIES	REMUNERATION RECEIVED
Jonathan Simon	Director	Designated Director for Remuneration	No
Bruce Smith	Director		No
Adam Phillips	Director		No
Gijsbert Koning	Director		No
Jon Lukomnik	Independent Director		€7,500 per annum
Adrian Waters	Independent Director		€7,500 per annum
Mary Canning	Independent Director		€7,500 per annum

Remuneration Disclosure

Based on the Company's Remuneration Policy its delegates are obliged to disclose certain elements of the remuneration of their employees. These elements are disclosed in the below table.

For the period from 1/1/2020 to 12/31/2020, the table below sets out the portion of total remuneration paid or payable to the Identified Staff of the Company's delegates, split into Fixed Remuneration and Variable Remuneration which are relevant to the Company based upon a pro-rata allocation of total remuneration paid to the Identified Staff of the delegates as reported to the Company by the delegates by reference to the portion of the assets managed by the delegates for the Company when compared to their total assets under management.

Average number of Identified Staff of the delegates 14 employees

Fixed Remuneration USD 318,031

Variable Remuneration USD 575,811

Following the review of the Remuneration Policy undertaken in 2020 and its implementation, no irregularities were identified and no material changes were made to the Remuneration Policy.

^{*} In accordance with the Central Bank UCITS Regulations, the annual report documents material changes that have occurred in the disposition of the assets of the Company during the financial year. A material change is defined as aggregate purchases of a security exceeding 1 per cent of the total value of the purchases for the financial year and/or aggregate disposals greater than 1 per cent of the total value of sales for the financial year. If there are fewer than 20 purchases/sales that meet the material changes definition, the Company shall disclose those purchases/sales so at least 20 purchases/sales are disclosed.

An American Depositary Receipt (ADR) is a stock that trades in the United States but represents a specified number of shares in a foreign corporation. ADRs are bought and sold on American markets just like regular stocks, and are issued/sponsored in the U.S. by a bank or brokerage.

A Global Depositary Receipt (GDR) is very similar to an American depositary receipt or an ADR. It is a type of bank certificate that represents shares in a foreign company, such that a foreign branch of an international bank then holds the shares. The shares themselves trade as domestic shares, but globally, various bank branches offer the shares for sale.

^{*} In accordance with the Central Bank UCITS Regulations, the annual report documents material changes that have occurred in the disposition of the assets of the Company during the financial year. A material change is defined as aggregate purchases of a security exceeding 1 per cent of the total value of the purchases for the financial year and/or aggregate disposals greater than 1 per cent of the total value of sales for the financial year. If there are fewer than 20 purchases/sales that meet the material changes definition, the Company shall disclose those purchases/sales so at least 20 purchases/sales are disclosed.

^{*} Fund launched on 1 December 2020.

^{**} In accordance with the Central Bank UCITS Regulations, the annual report documents material changes that have occurred in the disposition of the assets of the Company during the financial year. A material change is defined as aggregate purchases of a security exceeding 1 per cent of the total value of the purchases for the financial year and/or aggregate disposals greater than 1 per cent of the total value of sales for the financial year. If there are fewer than 20 purchases/sales that meet the material changes definition, the Company shall disclose those purchases/sales so at least 20 purchases/sales are disclosed.

^{***} There were no other sales during the financial year.
