\*Returns less than one year are not annualized.

\*\*Index data prior to May 13, 2015 reflects that of The BofA Merrill Lynch High Yield US Emerging Markets Liquid Corporate Plus Index (EMHY). From May 13, 2015 forward, the index data reflects that of the Fund's underlying index, The BofA Merrill Lynch Diversified High Yield US Emerging Markets Corporate Plus Index (EMLH). Index history which includes periods prior to May 13, 2015 reflects a blend of the performance of EMHY and EMLH and is not intended for third party use.

The performance data quoted represents past performance. Past performance is not a guarantee of future results. Performance information for the Fund reflects temporary waivers of expenses and/or fees. Had the Fund incurred all expenses, investment returns would have been reduced. Investment return and value of the shares of the Fund will fluctuate so that an investor's shares, when sold, may be worth more or less than their original cost. Performance may be lower or higher than performance data quoted. Fund returns reflect dividends and capital gains distributions. Net asset value (NAV) per share is calculated by subtracting total liabilities from the total assets, then dividing by the number of shares outstanding. Share price is the last price at which shares were traded on the Fund's primary listing exchange. Performance current to the most recent month end is available by calling 800.826.2333 or by visiting [vaneck.com](http://vaneck.com). Index returns are not Fund returns and do not reflect any management fees or brokerage expenses. Investors can not invest directly in the Index. Returns for actual Fund investors may differ from what is shown because of differences in timing, the amount invested and fees and expenses. Index returns assume that dividends have been reinvested.

An investment in the Fund may be subject to risks which include, among others, credit risk, call risk, and interest rate risk, all of which may adversely affect the Fund. High yield bonds may be subject to greater risk of loss of income and principal and are likely to be more sensitive to adverse economic changes than higher rated securities. International investing involves additional risks which include greater market volatility, the availability of less reliable financial information, higher transactional and custody costs, taxation by foreign governments, decreased market liquidity and political instability. Investments in emerging markets securities are subject to elevated risks which include, among others, expropriation, confiscatory taxation, issues with repatriation of investment income, limitations of foreign ownership, political instability, armed conflict and social instability. The Fund's assets may be concentrated in a particular sector or region and may be subject to more risk than investments in a diverse group of sectors or regions.

Fund shares are not individually redeemable and will be issued and redeemed at their NAV only through certain authorized broker-dealers in large, specified blocks of shares called creation units and otherwise can be bought and sold only through exchange trading. Shares may trade at a premium or discount to their NAV in the secondary market.

**Investing involves substantial risk and high volatility, including possible loss of principal. Bonds and bond funds will decrease in value as interest rates rise. An investor should consider the investment objective, risks, charges and expenses of the Fund carefully before investing.
