In the absence of temporary expense waivers or reimbursements, the 30-Day SEC Yield for VanEck Vectors ChinaAMC CSI 300 ETF would have been 1.17% on 04/30/17.

The performance data quoted represents past performance. Past performance is not a guarantee of future results. Performance information for the Fund reflects temporary waivers of expenses and/or fees. Had the Fund incurred all expenses, investment returns would have been reduced. Investment return and value of the shares of the Fund will fluctuate so that an investor's shares, when sold, may be worth more or less than their original cost. Performance may be lower or higher than performance data quoted. Fund returns reflect dividends and capital gains distributions. Net asset value (NAV) per share is calculated by subtracting total liabilities from the total assets, then dividing by the number of shares outstanding. Share price is the last price at which shares were traded on the Fund's primary listing exchange. Performance current to the most recent month end is available by calling 800.826.2333 or by visiting vaneck.com. Index returns assume the reinvestment of all income and do not reflect any management fees or brokerage expenses associated with Fund returns. Returns for actual Fund investors may differ from what is shown because of differences in timing, the amount invested and fees and expenses. You cannot invest directly in an Index.

The Fund is subject to elevated risks associated with investments in Chinese securities, including A-shares, which include risk of the RQFII regime and Stock Connect program, adviser and sub-adviser risk, political and economic instability, inflation, confiscatory taxation, nationalization, and expropriation, market volatility, less reliable financial information, differences in accounting, auditing, and financial standards and requirements from those applicable to U.S. issuers, and uncertainty of implementation of existing Chinese law. In addition, the Fund is also subject to liquidity and valuation risks, currency risk, non-diversification risk, and other risks associated with foreign and emerging markets investments.

The Fund may gain exposure to the China A-Share market by directly investing in China A-Shares and investing in swaps that are linked to the performance of China A-Shares. An investment in the Fund involves a significant degree of risk, including, but not limited to, the Adviser's and Sub-adviser's ability to manage the Fund, which depends upon the availability of China A-Shares and the willingness of swap counterparties to engage in swaps linked to the performance of China A-shares. The Fund may invest in swaps and derivatives which entail certain risks, including limited availability of swaps, counterparty risk, liquidity risk, risks of A-shares and the RQFII system, tax risk (including short-term capital gains and/or ordinary income), and currency risk. The Fund may also invest in shares of other funds and absorb duplicate levels of fees with respect to these investments.

Fund shares are not individually redeemable and will be issued and redeemed at their NAV only through certain authorized broker-dealers in large, specified blocks of shares called "creation units" and otherwise can be bought and sold only through exchange trading. Shares may trade at a premium or discount to their NAV in the secondary market. You will incur brokerage expenses when trading Fund shares in the secondary market. Past performance is no guarantee of future results. Returns for actual Fund investments may differ from what is shown because of differences in timing, the amount invested, and fees and expenses.
