## Fund Description

The VanEck Morningstar Developed Markets ex-US Dividend Leaders UCITS ETF provides exposure to high-quality dividend-paying companies across developed markets excluding the United States, providing diversified exposure with reduced reliance on U.S. companies.

The Morningstar® Developed Markets ex-US Dividend Leaders Screened Select Index tracks the performance of 100 leading dividend-paying companies from developed markets outside the US, selected based on dividend yield, dividend sustainability, and financial strength. Constituents are screened for dividend resilience and are broadly diversified across countries and sectors.

**Key Risks**

**Foreign Currency Risk:** Because all or a portion of the Fund are being invested in securities denominated in foreign currencies, the Fund's exposure to foreign currencies and changes in the value of foreign currencies versus the Base Currency may result in reduced returns for the Fund, and the value of certain foreign currencies may be subject to a high degree of fluctuation.

**Equity Market Risk:** The prices of the securities in the Fund are subject to the risks associated with investing in the securities market, including general economic conditions and sudden and unpredictable drops in value. An investment in the Fund may lose money.

For more information on risks, please see the "Risk Factors" section of the relevant Fund's prospectus, available on [www.vaneck.com](http://www.vaneck.com).

**IMPORTANT INFORMATION**

Performance quoted represents past performance. Current performance may be lower or higher than average annual returns shown. Performance data for the Irish domiciled ETFs is displayed on a Net Asset Value basis, in Base Currency terms, with net income reinvested, net of fees. Returns may increase or decrease as a result of currency fluctuations. Performance should be assessed over a medium- to long-term.

Investing is subject to risk, including the possible loss of principal. Investors must buy and sell units of the UCITS on the secondary market via an intermediary (e.g. a broker) and cannot usually be sold directly back to the UCITS. Brokerage fees may incur. The buying price may exceed, or the selling price may be lower than the current net asset value. The indicative net asset value (iNAV) of the UCITS is available on Bloomberg. The Management Company may terminate the marketing of the UCITS in one or more jurisdictions. The summary of the investor rights is available in English at: [summary-of-investor-rights.pdf](#).
