MORT estimates that it has distributed more than its income; therefore, a portion of your distribution may be a return of capital. A return of capital may occur, for example, when some or all of the money that you invested in the Fund is paid back to you. A return of capital does not necessarily reflect MORT’s investment performance and should not be confused with ‘yield’ or ‘income’.

The amounts and sources of distributions reported in this Notice are estimates and are not being provided for tax reporting purposes. The actual amounts and sources of the amounts for tax reporting purposes will depend upon MORT’s investment experience for its fiscal year and may be subject to changes based on the tax regulations. MORT will send you a Form 1099-DIV for the calendar year that will inform you how to report these distributions for federal income tax purposes.
