

We are pleased to provide the following information which summarizes the 2019 estimated yearend dividends and capital gain distributions for all of the VanEck Funds.

Please note that these yearend estimates were made as of October 31, 2019 and may be subject to significant change based on a number of factors, including changes in the number of shares outstanding, certain tax adjustments, etc. These factors may also result in funds which currently show no estimated dividends or capital gains distributions making a distribution at yearend. We strongly urge shareholders to consult with their tax advisers regarding the tax consequences of these dividends and distributions.

Passive Foreign Investment Company (PFIC) Income

Certain VanEck Funds may make investments in non-U.S. corporations classified as "passive foreign investment companies." Generally speaking, PFICs are non-U.S. corporations having 50% or more of their assets invested in cash or securities, or having 75% or more of their gross income originating from passive sources, including but not limited to interest, dividends and rents. In other words, these foreign companies primarily derive their revenue streams from investments (rather than operations). Please refer to your VanEck Fund(s) Statement of Additional Information (SAI) for further information on PFICs.

IRS Circular 230 disclosure: VanEck does not provide legal, tax or accounting advice. Any statement contained in this communication concerning U.S. tax matters is not intended or written to be used, and cannot be used, for the purpose of avoiding penalties imposed on the relevant taxpayer. Shareholders or potential shareholders of the VanEck Funds should obtain their own independent tax advice based on their particular circumstances.

If you have any questions concerning this information or the VanEck Funds in general, please call 800.826.2333 between 9:00 am and 5:30 pm ET, Monday through Friday.
